

NFLIT360 Build 8.3.1 - What to Expect: Role Quick Reference

At-a-Glance: Every Role, Every Phase

IT EXECUTIVE

What You'll Experience

Time	Dashboard Shows	Your Focus	Action Required
Weekly	All upcoming games, staffing %, certifications expiring	Verify coverage	Approve any gaps
T-4h	Compliance countdown starts, all games visible	League-wide readiness	Monitor threshold compliance

T-2h	All open issues surface to your view	Games at risk	Review escalated issues
T-1h	Final gate - games must hit 100%	Any game <100%	Approve overrides if needed
T0	All games active, system status	Nominal operations	Monitor for critical only
T+4h	Game summaries, issue logs	Performance review	Review reports

Key Expectations

- **You see:** League aggregate + drill into any game
- **You don't see:** Individual task details (that's NFL Lead level)
- **You decide:** Emergency overrides, escalation responses
- **Notifications:** CRITICAL issues only (except T-2h visibility window)

NFL LEAD

What You'll Experience

Time	Dashboard Shows	Your Focus	Action Required
T-7 days	Assignment, venue status, GDA roster	Confirm staffing	Send reminders, fill gaps
T-6h	Game opens, GDAs en route	Team readiness	Track arrivals
T-5h (M1)	EFC starting, dependencies blocked	Gatekeeper progress	Monitor CBRS scan
T-4h (M2)	70% threshold, cascade unblocking	Readiness velocity	Resolve blockers
T-3h (M3)	90% threshold, issues visible	Issue resolution	Triage, assign resources
T-2h	Issues visible to IT Exec	Resolution updates	Close issues or escalate
T-1h (M4)	100% required	Final tasks	Push completion, request overrides
T0	Kickoff confirmation	All systems green	Confirm ready
T+3h	Game winding down	Post-game prep	Begin report
T+4h	Report due	GMS submission	Complete and submit

Key Expectations

- **You see:** Your game only, all systems, all GDAs, all tasks

- **You control:** Playbook edits, issue resolution, GDA management
- **You decide:** Issue priority, resource allocation, escalation timing
- **Notifications:** All game events, threshold warnings, GDA requests

GDA SUPERVISOR

What You'll Experience

Time App Shows	Your Focus	Action Required
T-6h Team roster, locations	Confirm arrivals	Check in GDAs
T-5h EFC active, blocked GDAs waiting	Support gatekeepers	Stay near critical systems
T-4h Cascade unblocking	Team movement	Redirect resources
T-3h Active work across team	Progress tracking	Assist stuck GDAs
T-2h Issues requiring attention	Triage	Help resolve or escalate
T-1h Final push	Coverage	All hands on deck
T0 Team status: all green	Confirm	Verify all complete

Key Expectations

- **You see:** Your assigned GDAs, their tasks, their status

- **You control:** Field coordination, resource movement
- **You decide:** Where to go, who needs help
- **Notifications:** GDA help requests, issue alerts, NFL Lead messages

GDA FIELD OPERATOR

What You'll Experience

Phase	App Shows	Your Focus	Action Required
Arrival	Task list, blocked status	Get to location	Check in
Blocked	"Waiting for [dependency]"	Prep work	Complete prep tasks
Unblocked	Tasks now actionable	Execute	Complete tasks in order
Working	Active task + evidence required	Quality work	Capture evidence
Complete	All green checkmarks	Confirm	Notify supervisor
Issue	Problem encountered	Report	Create issue, add details

System-Specific Expectations

EFC Coordinator (🟡 Gatekeeper)

Arrival	Work	Impact
T-5h	CBRS spectrum scan	Unblocks C2P + WiFi
You are first. Others wait for you. Priority: scan accuracy + speed.		

IVRS Tech (🟢)

Arrival	Work	Impact
T-5h	Booth setup, tablets	Gates C2P voice check
4 positions (booths + fields). Each works independently.		

C2P Tech (🟡 Blocked)

Blocked Until	Work	Impact
EFC complete	Radio programming, coach distribution	Game communication
Wait for spectrum clearance, then move fast.		

SVS Tech (Blocked)

Blocked Until	Work	Impact
FTR complete Prep tablets while waiting. Network test unlocks last.	Tablet deployment, sync testing	Sideline video

FTR Tech (Gatekeeper)

Arrival	Work	Impact
T-5h Critical path. Your network sign-off releases video systems.	Network validation	Unblocks SVS + Hawk-Eye

IR_Tech (Gatekeeper)

Arrival	Work	Impact
T-5h Work parallel to FTR. Hawk-Eye needs both.	Calibration	Unblocks Hawk-Eye

Hawk-Eye Tech (🔴 Blocked)

Blocked Until	Work	Early Advantage
FTR + IR_Tech	Video integration	Arrive T-9h for camera setup
Most tasks blocked. Do camera work early, wait for network.		

O2O Tech (🟢 Independent)

Arrival	Work	Impact
T-5h	Official radio setup	Game officiating
No dependencies. Work at your own pace.		

WiFi Tech (Blocked)

Blocked Until	Work	Impact
EFC complete	Stadium WiFi validation	Fan/staff connectivity
Wait for spectrum clearance like C2P.		

Evidence Capture Expectations

What's Required

Evidence Type When		How	Stored
Photo	Equipment inventory, setup confirmation	Camera button in app	Immutable ledger
Text Entry	Serial numbers, test results	Form fields	Task record
Timestamp	Every task	Auto-captured	Cannot be edited
Location	Key tasks	GPS auto-capture	Verified
Notes	Issues, deviations	Text field	Audit trail

Quality Standards

- Photos: Clear, shows what's required
- Serial numbers: Exact match to equipment
- Notes: Specific, actionable
- Issues: Detailed enough for remote triage

Issue Reporting Expectations

Severity Guide

Severity	Definition	Example	Escalation
 LOW	Minor, can work around	Cosmetic damage	Supervisor sees
 MEDIUM	Impacts efficiency	Slow network	NFL Lead notified
 HIGH	Blocks your tasks	Equipment failure	NFL Lead + IT Exec at T-2h
 CRITICAL	Game at risk	System down	Immediate all-level

What Happens When You Report

1. Issue created with your details
2. Supervisor notified immediately
3. NFL Lead sees on dashboard
4. IT Exec sees HIGH+ at T-2h (or immediately for CRITICAL)
5. Updates flow back to you

Notification Expectations

What You'll Receive

Role	Push Notifications	Feed Updates	Email
IT Exec	CRITICAL only + T-2h issues	All games	Daily summary
NFL Lead	All game events	Everything	Pre-game, post-game
Supervisor	GDA requests, issues	Team status	Roster confirmation
GDA	Your tasks, unblocks	Your status	Assignment

Notification Timing

T-7 days — Assignment notification (all)
T-24h — Reminder (GDAs)
T-6h — Game open (all)
T-5h — Milestone M1 (leads+)
T-4h — Threshold alerts (leads+)
T-3h — Threshold alerts (leads+)
T-2h — Issue visibility (exec)
T-1h — Final gate alerts (all)
T-30m — Final push (leads+)
T0 — Kickoff confirmation (all)
T+4h — Report reminder (NFL Lead)

Success Metrics by Role

Role	Primary Success Metric	Target
IT Executive	All games at 100% at kickoff	100% of games
NFL Lead	Game readiness + report submitted	100% + on-time
Supervisor	Team tasks complete	All GDAs done
EFC	Spectrum clearance on time	Before T-4h
FTR	Network validation on time	Before T-3h
All GDAs	Tasks complete with evidence	100% + quality

Common Questions

"What if I'm blocked and have nothing to do?"

- Complete any non-blocked prep tasks
- Verify equipment condition
- Coordinate with booth/sideline partner
- Check in with supervisor
- The app will notify you when unblocked

"What if I find a problem?"

- Report issue immediately via app
- Add photo and details
- Continue other tasks if possible
- Supervisor will coordinate help

"What if I can't complete a task?"

- Try alternative approaches first
- Report issue with details
- Ask supervisor for help
- NFL Lead can authorize skip if needed

"What if I finish early?"

- Check with supervisor
- Assist nearby GDAs
- Verify all evidence uploaded
- Stay available until kickoff

Version: 8.3.1

Quick Reference Guide
