2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information

Situation

The City of Atlanta will host the 2025 College Football Playoff (CFP) National Championship on January 20, 2025. Not only does the 2025 National Championship Game (NCG) mark the first time a Host City has been selected for the second time, but it will also be the first NCG of the new extended post-season. Atlanta was selected as Host City by CFP in part due to the city's reputation for being a leader in Civil Rights and a major hub of sports and entertainment. This year's NCG also coincides with Dr. Martin Luther King Jr. Holiday.

This game is scheduled to begin on Monday at 7:30 PM at Mercedes-Benz Stadium. In addition to the game itself, there are several official CFP and CFP Foundation events that will take place in Atlanta starting with Team Arrivals on January 17. Load-in for the event begins on January 10.

The tentative schedule of events is as follows:

Planning Process:

The planning process began in January of 2024 when the City of Atlanta and the 2025 Atlanta Football Host Committee sent a delegation to Houston, TX for the 2024 College Football Playoff National

2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information

Championship to participate in the Future Host City Program, visiting various CFP sites and events to learn about CFP events and the NCG.

Starting in February of 2024, the City of Atlanta Mayor's Office of Emergency Preparedness, representing both the City of Atlanta and the 2025 Atlanta Football Host Committee convened over 500 planning partners from more than 80 local, state and federal government agencies, non-profit organizations, and the private-sector business community in Atlanta. This "all-agency" group met six times between February 2024, and January 2025 to share information and strengthen existing and build new partnerships vital to ensure public safety in Atlanta for CFP and associated events.

From the start, the goals and objectives were clear: collaboratively design plans that ensure the safety and security for all involved in the 2025 College Football Playoff National Championship, and all of Atlanta.

Over the course of the year, the 500 planning partners were split into four primary planning committees: Public Safety, Critical Infrastructure, Fan Experience, and Public Relations and Partnerships. Each Planning Committee was divided into several Subcommittees, Branches and Working Groups with specific areas of focus, including Law Enforcement, Security, Intelligence, Public Health, Medical, Life Safety, Common Operating Picture, Consequence Management, Interoperable Communications, Training, Logistics, Critical Infrastructure Protection, Watershed Infrastructure, Transportation Infrastructure, Communications Infrastructure, Energy Infrastructure, Hospitality, Media Relations, and more.

Each Committee met monthly, and Subcommittees, Branches, and Working Groups met more often. Additionally, cross-functional or multi-committee meetings occurred to ensure both vertical and horizontal planning, coordination, and communication.

General Command, Control, Coordination, Communication:

The City of Atlanta's Joint Operations Center (JOC) will be activated for multiple operational periods beginning January 17, 2025 at 10:00 AM. The JOC will be staffed by City of Atlanta departments, offices, and agencies, as well as partner governmental and non-governmental organizations. The structure in the JOC will follow the City's standard Incident Support Model with the following Emergency Support Functions (ESF) activated:

ESF 1 – Transportation

ESF 2 – Communications

ESF 3 – Public Works & Engineering

ESF 4 – Firefighting

ESF 5 – Coordination, Planning & Information Sharing

ESF 6 – Mass Care & Sheltering

ESF 7 – Logistics & Resource Support

ESF 8 – Public Health & Medical

ESF 9 – Search & Rescue

ESF 10 – Hazardous Materials & Oil

ESF 11 – Forestry & Natural Resources

ESF 12 – Energy

ESF 13 – Law Enforcement & Security

ESF 15 – Public Affairs

The lead agency in the Joint Operations Center for this special event will be ESF 13 with the Atlanta Police Department as the ESF Coordinator.

Recent Vehicle-Ramming Incidents (2024–2025):

- **January 1, 2025:** At approximately 3:15 AM, Shamsuddin Bahar Jabbar, 42, intentionally drove a vehicle into a crowded intersection on Bourbon Street in New Orleans, Louisiana, during New Year's celebrations. The attack resulted in 15 fatalities and 35 injuries. Jabbar engaged in a gunfight with police after exiting the vehicle, leading to his death and the injury of two officers. Law enforcement recovered a rifle, a handgun, an ISIS flag, and an incendiary explosive device (IED) from the vehicle. Additional IEDs were located and rendered safe along Bourbon Street.
- **December 20, 2024:** A 50-year-old Saudi Arabian suspect drove a vehicle into a crowd at the Magdeburg Christmas market in Germany, killing two individuals and injuring at least 68 others.
- **November 19, 2024:** An individual drove an SUV into pedestrians outside a primary school in Hunan, China, injuring 30 people, including 18 students.

April 12, 2024: A suspect intentionally drove a semi-truck into a Texas Department of Public Safety office in Brenham, Texas, causing two fatalities and injuring 12 individuals

Zone 1 Operations Plan

Situation

The City of Atlanta will host the College Football Playoff (CFP) National Championship game on Monday, January 20, 2025. Leading up to the game, there will be several events planned at multiple venue sites around Mercedes Benz Stadium to celebrate the game, players, and fans. The Atlanta Police Department will begin event operations on **Friday, January 17th at 0700 hours and conclude on Tuesday, January 21 at 0700 hours**. We will provide two shifts each day from 0700-1900 and 1900-0700.

Mission

- *Work within the operational period to ensure the safety of all parties involved: (participants, visitors, emergency personnel, area residents, and all pertinent stakeholders).*
- *During normal event operations be prepared to respond and coordinate any incidents while within the zone while minimizing the impact normal flow of traffic.*
- *During an incident pertaining to the particular functional discipline, coordinate with specialized units and outside jurisdictions to respond to any crisis or incident and provide support.*
- *Ensure adequate pedestrian and vehicular traffic flow for minimal disruption to the citizens that live, work, and visit Zone 1.*

Execution

Zone 1 will implement a security plan that will provide a high-visibility police presence around the event venues and Mercedes Benz Stadium. This plan will call for two 12-hour shifts in order to provide coverage to the early events and to buffer the after-event crowds in Zone 1. Specific areas of responsibility are as follows:

- *Resources and manpower allocation:*
 - *Day Watch: Patrol/911 Response*
 - *Morning Watch: Patrol/ 911 Response*
 - *Zone 1 CSU/FIT Team will be deployed to address crime trends within Zone 1 AOR. They will serve as a react team while providing support to other units and other agencies.*
 - *Zone 1 Bike Patrol and Foot Patrol will be deployed to address crime trends within Zone 1 AOR. They will serve as a react team while providing support to other units and other agencies.*
- ATL PLUS
 - They will assist with illegally parked vehicles in and around Vine City and the Mercedes Benz Event Venue.

Zone 1 & Zone 5 Detail: The Officers assigned to this detail will report to their command and work the specified hours. These officers will be responsible for addressing parking complaints, traffic enforcement, crowd control, assisting the License & Permits Unit, and other issues that may arise in

2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information Zone 5 Operations Plan

Situation

The City of Atlanta will host the College Football Playoff (CFP) National Championship game on Monday, January 20, 2025. Leading up to the game, there will be several events planned at multiple venue sites around Centennial Olympic Park District to celebrate the game, players, and fans. The Atlanta Police Department will begin event operations on **Friday, January 17th at 0700 hours and conclude on Tuesday, January 21 at 0700 hours**. We will provide two shifts each day from 0700-1900 and 1900-0700.

Mission

The objective is to establish a Safe Zone for visitors, workers, and dignitaries attending the CFP National Championship game. The Atlanta Police Department will deploy officers to provide maximum visibility to maintain a proactive position against crime and increase the perception of safety within the designated Safe Zone. The Safe Zone will encompass Zone 5 for this event. There will be multiple areas of concentration to include: 1) Mercedes-Benz Stadium, 2) Georgia World Congress Center, 3) Philips Arena, 4) Centennial Olympic Park, 5) International Plaza, and 6) Zone 5 Hotel District.

Execution

Zone 5 will implement a security and traffic plan that will provide a high-visibility police presence around the event venues, hotels, and parking areas. This plan will call for two 12-hour shifts in order to provide coverage to the early events and to buffer the after-event crowds in Zone 5. Specific areas of responsibility are as follows:

Atlanta Police Zone 5 will work 12-hour shifts. Day and Morning Watch Mobile will retain responsibility for 911 calls for service and the general operation of Zone Five. Evening Watch Mobile will supplement fixed safety posts and event venue security.

Zone Five Foot Beat will be responsible for patrolling the areas around the pedestrian corridor, including but not limited to parking lots, parking decks, and pedestrian walking areas. Foot Beat Officers will actively enforce the “monetary solicitation ordinance” and will assist with answering 911 calls in the pedestrian areas.

Zone Five FIT Team will be responsible for responding to any areas needing additional assistance of any type. The FIT team will be dressed in approved tactical gear with the ability to revert to plain clothes if needed. The FIT Team will respond to any high-priority or high-profile crime to assist and back up Mobile Units. Zone Five FIT Team will conduct Aggressive Monetary Solicitation Details in all five venues.

Law Enforcement Sensitive (LES) Information

Zone 5 Sky Watch will be deployed in the hotel district to deter larceny from auto crimes (60 Andrew Young International Boulevard NE).

GWCC Police will retain enforcement responsibilities in Centennial Olympic Park, the Georgia World Congress Center, and International Plaza. The GWCC Police Chief will also take responsibility for the ingress and egress of vehicular traffic to all venue sites. Assistance will be provided as necessary.

Georgia State University Police will maintain a constant presence around their downtown properties and Woodruff Park. The Zone 5 Foot Beat Supervisor will establish and maintain communications with the GSU Police incident commander. Assistance will be provided as necessary.

The Atlanta Downtown Improvement District (ADID) and Ambassador Force will provide support from 0600-2400 but may extend operations as required to support activities in the core area and assist with camera monitoring at the Zone 5 precinct on a 24-hour basis. The Info Cart at Peachtree Street and Andrew Young International Blvd will have staffing available from 0715-2330, 7 days per week. An AED will be available at that location during operation.

The Clean Team will be operational on a 24-hour basis in support during the dates of activities, and as required. Homeless Interventions will continue, starting at 0400 daily until completed, and again nightly around 2100 until completed.

ADID/Ambassador Force will operate as a Business Operations Center on a 24-hour basis to maintain connectivity with the Business Community and Private Sector in the area of concern. We will use email and the City's Everbridge System to communicate with the Constituency. The Ambassador Force will also utilize Web EOC. ADID will provide Ambassador Representation in the JOC on demand during peak hours and as requested/required.

Two additional Ambassadors will be dedicated to patrolling the pedestrian corridor on trikes around Andrew Young International Boulevard (AYIB) from 0830-2400 for increased enforcement of illegal monetary solicitation, and to provide information and assistance to visitors, patrons and all pedestrian traffic.

ADID/Ambassador Force will maintain public safety, cleaning and maintenance operations for Woodruff Park throughout event period.

Ambassador Force Functions in support of the College Football Playoff will include:

- Patrol 220-block ADID (Bordering North Avenue on the North; Piedmont/Connector/Streetcar route on the east; MLK Jr. east of Peachtree Street, west of Peachtree Street to Northside down to Memorial Drive; and Northside Drive on the west.
- Show presence and deter crime.
- Advise violators of violation of law, gain compliance, or contact APD as appropriate.

- Conduct Illegal Monetary Solicitation Interventions.
- Conduct Homeless Interventions (enforcing Urban Camping, Criminal Trespass on private property with Letters of Authorizations, and enforcing Park Rules).
- Assist visitors with information and directions, escorts, locating lost vehicles parked Downtown, and advise if they are proceeding with unauthorized items to the College Football venues such as non-clear bags.
- Assist stranded motorists.
- Patrol parking decks and lots to deter larceny from autos, and other illegal activity.
- Assist in evacuations and incidents: extend perimeter beyond the Police perimeter to deter observers and advise on alternative routes; monitor movement to ensure safety and order; scout evacuation routes for safety and conflicts; and assist in control and communications.
- Serve as Business Operations Center for ADID: advise constituency of any emergency notifications, disruptions, traffic emergencies, incidents, or BOLO.
- Communicate with all 11 Public Safety agencies within the ADID.
- Communicate with all Hotel, Building, and Special Event Venue security staff.
- Serve as First Responders if necessary. All Ambassadors trained in First Aid and Qualified for AEDs. AEDs are in selected vehicles and trikes.
- Monitor COMNET and Zone 5 Police radio traffic.

Atlanta Police Video Integration Unit will monitor the hotel district, pedestrian corridor, and venue areas for panhandling and other crimes. Zone 5 and VIC will map the pedestrian corridors and traffic hotspots to make certain that video coverage is available.

Clean Zone: Legislation has been drafted by the city to create a “clean zone” around the College Football Playoff Game. The Atlanta Police License and Permits Office will enforce vending of merchandise without a permit.

Roll Call for Zone 5 Safety Posts and Traffic Posts will be held twice daily, at 0700 Hrs. and 1900 Hrs. at ***time and location TBA***. Officers will be shuttled to their posts by shuttle vans.

Safety Posts: Officers will be assigned the following posts to address any safety/law enforcement concerns that they may encounter. They will patrol one city block in either direction of their assigned post. They will serve as a visibility asset and ambassador to all city visitors. Staffing for these locations will consist of Atlanta Police.

2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information Intelligence/Counter Surveillance Operations Plan

Situation

- The Atlanta Police Department will provide an intelligence plan for the 2025 College Football Playoff (CFP) National Championship Game located in Atlanta, Georgia, at Mercedes-Benz Stadium. Intelligence plans will be two-fold, utilizing intelligence analysts plus undercover officers working continuously throughout the operation in various capacities throughout the CFP festivities.
- While working in collaboration with our Multi-Agency Coordination to promote a safe and effective operation, the Atlanta Police Department will coordinate efforts with Federal, State and Local agencies in Metro Atlanta. These partnerships include, but aren't limited to FBI (JTTF) and GBI (GISAC). Operational deployment of the undercover officers will be broken into four quadrants: A, B, C, and D; which encompasses all CFP activities. There will be undercover officers inside events and along the outside perimeter of events. Federal, State and Local intelligence analysts will work in the APD Joint Operations Center (JOC) to provide operational intelligence updates for APD command staff and on duty personnel working the event for security planning, resource allocation and response. In addition, the APD Homeland Security unit will act as a roving team of trouble shooters during the CFP activities.

Mission

- The Atlanta Police Department will deploy undercover Intelligence/ID Teams into the four quadrants to conduct foot patrols of their respective quadrants. Intelligence/ID Teams will provide timely and accurate intelligence information pertaining to suspicious activity, criminal acts and access control issues to the APD JOC for intelligence analysis and assessment for operational response tasking.

Execution

- Throughout the event, the Atlanta Police Department will be responsible for all avenues of approach by monitoring ingress and egress to CFP venues. The Georgia Bureau of Investigation (GBI) will supply a minimum of 30 (on-duty) agents working on Intelligence/ ID Teams. The GBI Intelligence/ ID Teams will be responsible for all inside activity at the following four locations: 1. Mercedes- Benz Stadium, 2. State Farm Arena Arena, 3. Home Depot Back Yard 4. Georgia World Congress Center (GWCC)/International Plaza. The Federal Bureau of Investigation (FBI) along with the Georgia Information Sharing and Analysis Center (GISAC) will provide intelligence analytical support during CFP activities. The Intelligence/ID Teams will provide real time intelligence information to the JOC for assessment and dissemination. The Atlanta Police Department Intelligence/ID Teams will consist of a minimum of 59 undercover trained personnel, including supervisors, investigators, and officers. There will be a total of four Intelligence/ID Teams, listed as: ID Team A, ID Team B, ID Team C, and ID Team D. Intelligence Commanders will provide daily intelligence briefings to the Joint Operation Center (JOC). Intelligence supervisors along with Intelligence analysts

will staff the JOC. Any alternatively established command post will be staffed with intelligence personnel, in order to maintain free-flowing intelligence communication to the APD JOC.

- Intelligence Teams/ ID Teams will be divided among the four quadrants and will work in an undercover capacity. They are responsible for monitoring egress and ingress for sanctioned events during the CFP festivities.
- The GBI will be responsible for the undercover ID Teams inside of the sanctioned CFP events. 30 GBI Agents will be provided to work these events.
- Intelligence Teams/ ID Teams will have the ability to enter sanctioned events if circumstances dictate but will be primarily responsible for gathering possible security problems, responding to suspicious activity and monitoring access control issues.
- The Intelligence Teams will be responsible for identifying and assessing any suspicious or alarming activity within or outside of the CFP festivities. ID Teams will provide surveillance detection for unusual behavior and occurrences.
- Lieutenants will be responsible for two assigned quadrants: either A/B or C/D.
- Intelligence Team Commanders will have the ability to assist other quadrants if minimal activity is going on in their respective quadrants.
- Sergeants will be assigned one quadrant: A, B, C, or D.
- Communication per each Intelligence Team will be made through cell phone or radio. Lieutenants shall be the only persons communicating information to the JOC.
- Intelligence Teams/ ID Teams will work 12-hour shifts, in a two-shift operation. Intelligence Teams will be needed on January 17th, 18th, 19th, and 20th .
- Safe word for undercover personnel will be given each day at rollcall and Undercover personnel will be equipped with a designated color wrist band for law enforcement deconfliction.
- Intelligence Teams/ ID Teams will attempt to locate any unauthorized owner/operator of drones.
- Intelligence Analysis from APD, FBI and GBI (GISAC) will be operational in the APD JOC monitoring real time information on a variety of platforms.
- ALTERNATIVE RESPONSE
 - ID Teams will maintain an undercover capacity unless exigent circumstances dictate otherwise. In the event of an unforeseen occurrence, Intelligence/ ID Teams will deploy to areas of concern to supply operational support. Intelligence/ ID Teams can identify themselves if the circumstance dictates, by use of wristband or safety vest (*as seen in appendix).

Narcotics Operation Plan

Situation

- The Drug Enforcement Group will be comprised of the Atlanta Police Department Narcotics Unit and Airport Drug Interdiction Unit. This group will be working on the day of the College Football National Championship game, which takes place at the Mercedes Benz Stadium in Atlanta, Georgia on January 20th, 2025. The group will be primarily focused on drug enforcement during the College Football Playoff (CFP) operational period.

Mission

- The primary mission of the Drug Enforcement Group will be to suppress narcotics sales within the interior and exterior perimeter of the CFP. The Drug Enforcement Group will also assist with the deployment of undercover officers during the operational period to support crisis management and homeland security related issues.

Execution

- The Drug Enforcement Group is going to focus on a two-pronged approach starting with intelligence-based enforcement at Hartsfield Jackson Airport with the Airport Drug Interdiction Unit (ADIU). ADIU will collaborate with local, state, and federal intelligence agencies to target specific flights arriving at Hartsfield Jackson Airport for the CFP National Championship game. Conversely, the Narcotics Unit will deploy undercover officers into the perimeter of the CFP, in search of street level drug dealers. The Drug Enforcement Group in conjunction with APD Analysts will monitor social media and online platforms for drug sales and illicit activity related to the event.

Administration/Logistics

- The Drug Enforcement Group will establish constant communications with the Homeland Security / Crisis Management subcommittee. Communications amongst Drug Enforcement Group and subcommittee commanders will be through mobile phones and using group chat encrypted communications. Deployment of resources will be in groups of two and undercover officer are NOT to break cover unless they are preventing a forcible felony. All other concerns will be directed to uniform officers for the appropriate action.

Command, Control, Communication, Coordination

- The Drug Enforcement Group will utilize command hierarchy from the bottom up and vice versa. Sergeants will be on-scene supervisors with undercover officers and will report their finding up the chain of command. Pertinent information and intelligence updates will flow down the chain of command to those who have a need to know.
- Lt. G. J. Smith – 404-617-7113
- Sgt. J. Sobocinski – 404-579-2158

2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information Human Trafficking Operations Plan

Situation

- The City of Atlanta will host the College Football Playoff National Championship on Monday, January 8, 2018. Leading up to the game, there will be several events planned at multiple venue sites around Centennial Olympic Park District to celebrate the game, players and fans. The Atlanta Police Department will begin operations Friday, January 17th at 0600 and conclude Tuesday, January 21st at 0600.

Mission

- During normal event operations be prepared to respond and coordinate any incidents related to Human Trafficking.
- During an incident pertaining to functional discipline, coordinate with specialized units and outside jurisdictions to respond to any crisis or incident and provide support.
- Ensure adequate information has been disseminated to external partners.
- Ensure the Atlanta Police Department has been trained properly on responding to Human Trafficking.

Execution

- Resources and manpower allocation:
 - Day Watch – Will be staffed with multiple Detectives and Sergeants with expertise in Human Trafficking.
 - Evening and Morning Watch – Detectives and Sergeants with Human Trafficking expertise will be on an on-call basis. Should the call volume escalate the schedule will be altered.
 - Outside Partners will help should the call require further assistance that it outside the scope of Atlanta Police Department.

Administration/Logistics

- Unit will operate out of Headquarters located at 226 Peachtree St Sw.

Command, Control, Communication, Coordination

- All communications logistics
- All units will follow standard procedure and utilize Detective Radio for Human Trafficking advisements.
- Detailed information-flow plan for normal event operations

Tactical Operations Committee: All-Hazards Subcommittee**

Mission

The All-Hazards subcommittee will assist in providing a safe and secure environment by mitigating any organized assaults targeted against civilians and/or the venues associated with the College Football Playoff (CFP) National Championship, while minimizing the loss of life and property damage during these event (s). The subcommittee will focus on a rapid response to any incident requiring tactical resources, suspicious/unattended packages, possible explosive devices, hazardous material situations, or any chemical, biological, radiological, nuclear, and explosives (CBRN) attack.

Historical risk/threat assessment

There is currently no known specific threat associated with this event. It should be noted though that due to the size and nature of the event that it would present an attractive target for potential terrorist activity. The All-Hazards subcommittee will be able to address to all unusual occurrences at each venue which include:

1. Vehicle borne assaults (vehicle used as a primary weapon)

Terrorists use vehicles to target pedestrians, breach physical security barriers, and deliver explosive devices. Vehicle ramming is scalable, require minimal preparation, and are encouraged in terrorist messaging.

2. Assault from a vehicle (vehicle used to access vehicle and transport assailants)

These types of assaults typically involve the perpetrator firing a weapon from within a vehicle and then fleeing the scene. Such tactics are often associated with gang violence in urban areas in the United States, but also occur in other contexts in other countries.

3. Knife attacks

Stabbing attacks, which have been used as a tactic for thousands of years, have become an increasingly ordinary form of terrorism targeting random civilians, during the 2010s and 2020s.

4. Active shooter(s)

The Federal Bureau of Investigation (FBI) defines an active shooter as “an individual actively engaged in killing or attempting to kill people in a populated area.” Recent active shooter incidents have underscored the need for a coordinated response by law enforcement and others to save lives.

5. Suicide vest

A suicide vest or belt is an improvised explosive device (IED) packed with explosives and armed with a detonator. They are often packed with ball bearings, nails, screws, bolts, or other objects that serve as shrapnel to maximize the number of casualties.

6. Unattended package vs. suspicious package

FOR OFFICIAL USE ONLY | LAW ENFORCEMENT SENSITIVE | NOT FOR DISSEMINATION

2025 College Football Playoff (CFP)

National Championship

Law Enforcement Sensitive (LES) Information

An unattended package is an item of unknown origin whose contents are unknown and lacks any articulable information or intelligence that upgrades the item from unattended to suspicious.

A suspicious package may be described as an item identified as potentially containing explosives or other hazardous materials that requires bomb technician skills and equipment to further investigate. Positive and articulable information or intelligence that would upgrade the item would be a history of associated threats; unusual markings, wires, or lights attached; leaking of any liquid materials, noise emanating from the item, unusual order, visible tanks or bottles with liquids, exposed circuit boards, etc.

7. Vehicle bomb

A vehicle borne improvised explosive device (VBIED) is an IED placed inside or near a vehicle and detonated. A vehicle bomb is a commonly used weapon of terrorism and guerrilla warfare. They can function as their own delivery mechanism and can carry many explosives.

Execution

Tactical response SWAT teams:

The listed law enforcement agencies will be incorporated with the All-Hazards subcommittee and will have specific areas of responsibilities (AORs) during sponsored events:

- Atlanta Police Department SWAT Unit
- Barrow County Sheriff's Office SWAT Unit (Georgia Aquarium)
- Federal Bureau of Investigation SWAT Unit (Westin Buckhead)
- Fulton County Sheriff's Office SWAT Unit (Marriott Marquis)
- Fulton County Police Department SWAT Unit (midtown area)
- Fulton County School Department SWAT Unit (Southern Exchange ballrooms)
- Carroll County Sheriff's Office SWAT Unit (Fox Theatre)
- Clayton County Sheriff's Department SWAT Unit (Pullman Yards)
- Cobb County Sheriff's Office SWAT Unit (Hyatt Regency)
- Coweta County Sheriff's Office SWAT Unit (AT&T Playlist Live at State Farm Arena; College Football Hall of Fame)
- Dekalb County Police Department SWAT Unit (InterContinental Hotel – Buckhead)
- Peachtree City Police Department SWAT Unit (Westin Peachtree Plaza)
- South Fulton Police Department Metro SWAT Unit (Candler Hotel)

Tactical teams assigned to specific venues are there to provide a tactical response, if necessary. It is expected that teams will utilize their own tactics and procedures to quickly minimize any threat to spectators and other law enforcement personnel. Priorities on scene should include:

1. Assume on-scene command and assess the situation
2. Alert appropriate support entities
 - a. Medical personnel
 - b. Bomb squad personnel
 - c. K-9/EOD personnel
 - d. Fire rescue/departments
 - e. Hostage negotiators
3. Confirm and report the situation to:

Law Enforcement Sensitive (LES) Information

- a. the appropriate venue commander
- b. All-Hazards subcommittee chair
- c. Forward operations center
- d. Joint Operations Center (JOC)
4. Immediately establish an inner perimeter
5. Establish outer perimeter control
 - a. Crowd management
 - b. Traffic control
 - c. Ingress and egress of emergency medical response and transport
 - d. Media control
6. Protection of crime scene and evidence
7. Unattended items – items that are left unattended should be cleared by certified bomb technicians before being removed because of the large crowd sizes and the ease of hiding IEDs within bags and/or containers. When requesting for EOD support for an unattended item, tactical teams should attempt to clear pedestrians away from the item; at least 50 feet. Tactical team members should provide cover for technicians investigating the item until the item is deemed safe or the technician requests for an expanded perimeter.
8. Suspicious items – items that are located that have suspicious characteristics consistent with that of an IED require an immediate EOD response. Tactical officers should immediately isolate the item by moving crowds away from it. The evacuation distance should be determined utilizing the bomb threat stand-off card below from the U.S. Department of Homeland Security and Department of Justice:

BOMB THREAT STAND-OFF CARD					
OFFICE FOR BOMBING PREVENTION					
Threat Description		Explosives Capacity	Mandatory Evacuation Distance	Shelter-in-Place Zone	Preferred Evacuation Distance

DEFEND TODAY. SECURE TOMORROW

Any incident that occurs within the College Football Playoff (CFP) footprint will be managed as follows:

FOR OFFICIAL USE ONLY | LAW ENFORCEMENT SENSITIVE | NOT FOR DISSEMINATION

2025 College Football Playoff (CFP) National Championship Law Enforcement Sensitive (LES) Information

Four full-time SWAT teams will be dedicated to the event. Additionally, each venue will have two SWAT teams dedicated to its location during event hours. The four full-time teams are:

Atlanta Police Department – not assigned to any CFP post or venue. The team will be available to respond to any call for service within the city. If the team must respond to a call for service within the city, the Fulton County Police Department and Federal Bureau of Investigation (FBI) will be the standby team to assist each of the CFP venue teams.

Georgia State Patrol – will respond to any call for service on state property during the event. Their primary responsibility will be the Georgia World Congress Center; however, if a call for service arises outside of GWCC property (i.e., International Plaza, Centennial Olympic Park), the team will respond and be supported by the two venue SWAT teams already in place. The Atlanta Police Department, Fulton County Police Department, and FBI teams will be available to assist, if needed.

Federal Bureau of Investigation – not assigned to any CFP post or venue (standby team). The team will stage at the Westin Hotel in Buckhead.

Fulton County Police Department – not assigned to any CFP post or venue (standby team). The team will stage in the downtown area for the Trophy Trot 10K/5K.

Tactical response EOD teams:

EOD technicians are law enforcement's preeminent tactical and technical explosives experts. These officers are specially trained, equipped, and integrated to respond and manage unexploded ordnance, improvised explosive devices, and potential weapons of mass destruction. The law enforcement agencies listed below will be incorporated within the overall unified EOD response and will operate in "strike teams" for tactical response to unattended/suspicious packages, potential explosive devices, military ordnance, EOD sweeps, and/or any WMD response. Each of these strike teams will consist of two bomb technicians, one explosive K-9 team, one tactical medic, and one member from the Georgia Army National Guard's 4th Weapons of Mass Destruction – Civil Support Team (WMD/CST).

Additionally, each venue will have two bomb technicians assigned for a tactical response. Strike teams will respond to oversee the package, if requested by the bomb technicians.

On the day of the national championship game, bomb technicians will be assigned inside and outside of Mercedes Benz Stadium (strike team response will be included).

The Atlanta Police Department will have two or three bomb technicians responding to calls for service within the city.

Participating law enforcement agencies are:

- Atlanta Police Department Bomb Squad
- Clayton County Police Department
- Cobb County Police Department

Georgia Army National Guard's 4th WMD/CST:

The WMD/CST teams are Georgia Army National Guard units designed to provide a specialized capability to respond to a chemical, biological, radiological, or nuclear (CBRN) incident. They will provide significant capabilities to assist local and state agencies while conducting EOD sweeps at all venues and when responding with the strike teams where specific technical capabilities to identify CBRN materials are required.

Tactical response EOD K-9 teams:

Explosive detection canine teams include highly trained detection dogs and a law enforcement handler. These teams conduct searches for a variety of explosive materials near building exteriors, parking lots, office areas, vehicles, packages, etc. They can also provide a strong visible deterrence against potential criminal and terrorist threats. The law enforcement agencies listed below will be incorporated within the overall unified EOD K-9 tactical response and will operate in "strike teams" for a tactical response to unattended/suspicious packages and provide EOD sweeps for all events:

- Atlanta Police Department EOD K-9 Unit
- Cobb County Police Department EOD K-9 Unit

Tactical Operations Committee: Crowd Control Subcommittee

Mission

The Crowd Control subcommittee's primary focus is protecting individual rights related to assembly and free speech; preventing loss of life, injury, or property damage; and minimizing disruption to persons who are not involved.

Execution

The Crowd Control subcommittee will establish a mobilization center for daily roll calls, situational briefings, staging equipment, and a central base of operations for the coordination and control for the Atlanta Police Department and our external partners. It will be staffed by a site commander, an assistance site commander, and a support team consisting of subject matter experts to facilitate administrative and logistical duties.

Crowd control personnel who are deployed in and around the event will maintain situational awareness and patrol the area for indicators of potential disruption to public order. Additionally, Homeland Security intelligence teams will provide intelligence to on-site personnel and supervisors for enhanced situational awareness. Resources will be deployed to incidents including, but not limited to, the following situations:

Small unplanned and isolated demonstrations/protests:

If a group of individuals as a whole or any member of a group engages in violence or impedes the flow of vehicular or pedestrian traffic around the event, or impedes the ingress or egress to a venue, reactionary teams will intervene and take appropriate action, including but not limited to, the issuing of dispersal orders and make arrest(s).

Small planned protests and counter-protests:

These events are typically advertised via social media and solicit the involvement of local like-minded individuals to attend the event. They may draw a contingency of counter-protestors, which will present additional challenges to responding resources. Information regarding these events will be disseminated to the appropriate resources for situational awareness, and development of potential response strategies.

Civil disturbances that become increasingly dynamic and/or increase in scope exponentially within a brief period may exceed the capabilities of on-scene personnel and may necessitate the activation of the Bicycle Response Team (BRT) and/or the Civil Disturbance Unit (CDU). Once activated, these resources will respond to the mobilization center to obtain their necessary gear and equipment and receive a pre-deployment briefing.

Large scale protests and counter-protests:

FOR OFFICIAL USE ONLY | LAW ENFORCEMENT SENSITIVE | NOT FOR DISSEMINATION

2025 College Football Playoff (CFP)

National Championship

Law Enforcement Sensitive (LES) Information

Like smaller protests, these events are typically advertised via social media and solicit the involvement of local like-minded individuals, as well as the participation of individuals from outside the local area. They have the propensity to draw a contingency of counter-protestors, which will present additional challenges to responding resources. Information regarding these events will be disseminated to the appropriate resources for situational awareness, and development of potential response strategies.

Knowledge of these pending events will necessitate the activation of the BRT and/or one or more of the CDU companies. Once activated, these resources will respond to the mobilization center to obtain their necessary gear and equipment and receive a pre-deployment briefing.

Anti-arrest locking devices/sleeping dragons:

If any individuals have been identified utilizing anti-arrests locking devices/sleeping dragons, the Field Force Extrication (FFE) unit will be activated and respond to the mobilization center to obtain their necessary gear and equipment and obtain an operational briefing prior to deployment. The FFE unit will always deploy with additional supportive resources, including Atlanta Fire Rescue, strike teams for site security and medical support. Depending on the scope of the situation, these supportive resources can range from strike teams to CDU platoons.

Administration/Logistics

The standard hours of operation for the mobilization center will be 1200hrs to 0200hrs. Decisions to extend the operational hours will be intelligence and situation driven.

b. Fulton County Sheriff's Department mass arrest buses

Roll calls and pre-deployment briefings

Pre-deployment roll calls for units with predetermined areas of operation (AO) within the event footprint will take place at 1050 Techwood Dr NW Atlanta, GA 30318 (Turner Broadcasting) at 1000 hours on January 20, 2025. All personnel will receive confirmation on their AOs and post assignments, as well as a situation report prior to relocating to their assigned areas.

If supportive resources are needed to mitigate public order incidents, they will report to the mobilization center to receive a situation report, obtain their gear and equipment, and load it into vehicles for deployment.

Equipment staging

Civil Disturbance Unit (CDU) gear and personal equipment will be secured and pre-staged at 1050 Techwood Dr NW Atlanta, GA 30318 (Turner Broadcasting). This will ensure that all equipment is readily available and accounted for, thereby reducing the time of deployment.

Bicycle Response Team (BRT) equipment will be pre-staged 540 Central Ave SW Atlanta, GA 30312 (SOS Precinct).

Field Force Extrication (FFE) Unit equipment will be pre-staged at 540 Central Ave SW Atlanta, GA 30312 (SOS Precinct).

Command, Control, Communication, Coordination

The Crowd Control subcommittee chair will be Lieutenant C. Hewitt (404-985-7361).

Platoon #1 Leader, Lt. Courtney Murphy (404-291-6163)

Platoon #2 Leader, Lt. Robert Godwin (678-895-7810)

The Crowd Control subcommittee will follow the Incident Communications Plan (ICS-205) during the operational periods.

Tactical Operations Committee: Drone Operations Subcommittee

Mission

The Drone Operations subcommittee will provide cooperative agency support by providing aerial surveillance of the entire footprint, secondary sites, traffic control, vehicle escorts, and any other area(s) of concern. Drone assets will monitor pedestrian and vehicular traffic and ensure the traffic flow around all events, minimizing disruption within the downtown area. The Drone subcommittee will provide aerial surveillance and intelligence to the Joint Operations Center (JOC) and to designated forward operation commanders.

Execution

The Drone Operations subcommittee will be deployed to the following areas to provide adequate aerial surveillance of the events:

- 2025 Dr. Martin L. King Jr. March and Rally
- Georgia World Congress Center (GWCC)
- Mercedes Benz Stadium
- Georgia Aquarium and World of Coke
- Centennial Olympic Park

From these locations, drone coverage of the entire venue can be established. Requests for drone assistance will be requested through the Joint Operations Center (JOC) and then to one of the Drone Operations subcommittee chairs. In the event of crowds gathering in a particular location or any other needs, drone operators will be able to relocate to assist.

Drone mitigation:

In the event of non-law enforcement drones flying around specific venues, the Joint Operations Center (JOC) will be immediately notified. When detected, a drone flying near or over specific venues cannot be identified as an approved flight operation so the identity and location of the pilot must be made. Uniformed officers in the area will assist in locating the drone pilot and ascertain the reason for and validity of the drone operation.

The Georgia World Congress Center (GWCC) does have drone guidelines regarding individuals flying drones close to their property. GWCC has agreed to work alongside the Atlanta Police Department's drone unit to help facilitate the mission of providing aerial surveillance over and around the GWCC property.

Administration/Logistics

Currently, the Drone Operations subcommittee has three (3) certified drone operators. Five (5) additional officers may be certified on January 3, 2025, and be able to assist during the College Football Playoff (CFP) Championship.

During the operational periods, Sergeant J. Dorsey will be assigned to the Joint Operations Center (JOC) and will be the point of contact for all drone operations. He will be in direct contact with law enforcement and security officials at the Georgia World Congress Center (GWCC) and Mercedes Benz Stadium.

Command, Control, Communication, Coordination

The Drone Operations subcommittee chairs will be Lieutenant N. Capell (678-618-9013), Sergeant J. Dorsey (404-561-8459) and Sergeant J. Cunningham (678-247-3909).

The Drone Operations subcommittee will follow the Incident Communications Plan (ICS-205) during the operational periods.

Tactical Operations Committee: Forward Operations Subcommittee

Mission

The Forward Operations subcommittee will provide direct, on-scene management of traffic control, crowd control and tactical operations of the special event and to keep in constant communication with the Joint Operations Center (JOC).

Execution

Officers will work within the operational period to ensure the safety and security of all participants, spectators, workers, public safety personnel, and the public. Officers will arrive at the forward operations command post at 1200 hours and deploy to their assigned areas of responsibility. Officers will complete their mission at approximately 2400 hours, or unless properly relieved by the Forward Operations Incident Commander.

Officers will maintain a continuous state of readiness to respond in a coordinated fashion to any incident and/or crisis while minimizing the impact on the event and the City of Atlanta. Officers will monitor traffic and ensure the traffic flow, minimizing the disruption within the downtown area affected by all the events. The Forward Operations subcommittee will also monitor the weather for any perceived or actual threats to the event, personnel, or participants.

Administration/Logistics

The Forward Operations subcommittee will be represented by Major A. Mitchell (Forward Operations Incident Commander), Captain R. Stephens (Forward Operations Section Chief), Lieutenant R. Burks (Forward Operations Logistics Section Chief), and Sergeant S. Jones (Forward Operations Planning Section Chief).

Command, Control, Communication, Coordination

The Forward Operations subcommittee chairs will be Captain R. Stephens (404-788-6873) and Lieutenant R. Burks (404-561-3139).

The Forward Operations subcommittee will follow the Incident Communications Plan (ICS-205) during the operational periods.

Traffic & Transportation Security –Airport & Aviation Security**

Mission

Given that Hartsfield Jackson Atlanta International Airport holds the title as the world's busiest airport, the forthcoming 2025 College Football Playoff National Championship and 2026 FIFA events in Atlanta are escalating public safety concerns. The primary issues of concern are traffic congestion and crime. These events are expected to bring about an increase in the number of people passing through the airport during these times. Personnel and resources will be assigned to those areas that have shown a propensity to create vehicle and pedestrian traffic congestion and public safety concerns on and around Hartsfield-Jackson Atlanta International Airport property during high-traffic events.

SPECIALTARGET DATES

- Wednesday, January 1, 2025
- Monday, January 20, 2025

STAFFING LEVELS FOR EACH WATCH

Time Books are closed on the above-listed dates. We will consider 12-hours shifts for everyone.

- This will ensure maximum staffing on the listed dates.
- Employees who need to utilize Sick Time will be required to bring in a doctors' note for proper confirmation.
- Request to have a K-9 vehicle stationed on each curb in the gore on days when high levels of traffic are projected. (Previous summers during high traffic days when K-9 was requested to the North/South Terminal it took them an extended period to get through traffic, which took the officer waiting out of service for their arrival).
- Request 2 vehicles for the weeks listed above from either Fleet/SOS etc...to staff additional Curb Cars

TRAFFIC CONTROL STRATEGIES

**2025 College Football Playoff (CFP)
National Championship
Law Enforcement Sensitive (LES) Information**

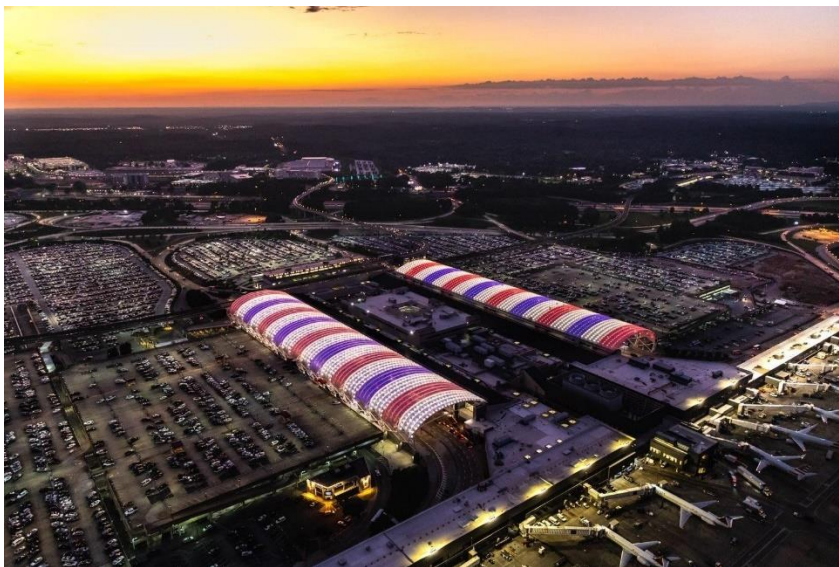

Both the North and South Terminals will be staffed with a minimum of the following personnel:

NORTH CURB

- ATL Enforcement will be the primary unit responsible for traffic control.
- Atlanta Police will provide a supporting role to ATL Enforcement.
- A North curb car will be assigned solely to the North Curb to assist in moving traffic and for a rapid response to any traffic or public safety-related issues, as well as conduct hourly checks on the Lower North

SOUTH CURB

- ATL Enforcement will be the primary unit responsible for traffic control
- Atlanta Police will provide a supporting role to ATL Enforcement.
- A South curb car will be assigned solely to the South Curb to assist in moving traffic and for a rapid response to any traffic or public safety-related issues, as well as conduct hourly checks on the Lower South
- For additional traffic and public safety concerns, DELTA Airlines has staffed the South Curb Upper Roadway with Off Duty Atlanta Police Officers during peak traffic hours totaling 8-10 officers working each day Sunday-Friday

DOMESTIC WATCH MOBILE UNITS

FOR OFFICIAL USE ONLY | LAW ENFORCEMENT SENSITIVE | NOT FOR DISSEMINATION

2025 College Football Playoff (CFP)

National Championship

Law Enforcement Sensitive (LES) Information

When not on a call, all Domestic Watch mobile units **(701, 702, 703, 704, 705, and 707)** will respond and assist with traffic issues on both the North and South Terminals, RCC, parking lots, parking decks, and all other areas on and around airport property that may pose a traffic or public safety issue or concern.

For additional visibility, baggage thefts, and public safety concerns, DELTA Airlines has hired off-duty Atlanta Police Officers to work the South Terminal Baggage and International Baggage Carousels from 0600 to 2300 hrs., 7 days a week.

VOT (OVERTIME) PERSONNEL

All Officers and Supervisors working VOT on Evening Watch Domestic will be assigned to the North and South Terminals for additional visibility and traffic control or at the discretion of supervisory staff and Airport Command Staff.

DOMESTIC WATCH SUPERVISORS:

- Closed books will ensure a minimum of 2 supervisors per shift on the targeted holidays.
- One supervisor will be in the office for roll call. All other supervisors will be in the field, monitoring officers and assisting with traffic-related issues.
- Supervisors will only be in the office if they are actively engaged in administrative duties.

There will be no more than one supervisor in the office at any time unless it is an emergency

Expected Results/Outcome

- We anticipate free and unimpeded pedestrian movement from the curbside to the baggage and ticketing areas.
- With officers being proactive and visible, we expect traffic control at the Terminal Curbs to be continuous without any obstructions or delays.
- We anticipate the number of crimes in the unsecured areas to remain low due to the diligence of those officers who are monitoring activity throughout the HJAIA
- We expect vehicle thefts at the Rental Car Center to remain low to non-existent as we continue our proactive measures

2025 College Football Playoff (CFP)

- Prevent, detect, disrupt, and respond to any public safety threat, emergency, and/or routine situation.
- Maintain an effective and efficient flow of patrons through the MARA stations.
- Coordination with regional partners to develop a level of synergy that expands the safe and secure environment outside of the MARTA footprint.

Execution

The critical stations of Peachtree Center, Five Points, Dome/GWCC, and Vine City will be staffed and swept as per Special Operations protocol leading up to the game.

The table below shows the officer/supervisor resource allocations for the most affected stations. See the attached officer placement schematics for all stations. Additional re- assigned staff from throughout the Authority will also assist at stations.

Location	FPS/Officers	Supervisors
Peachtree Center	0/3	0
Five Points	0/10	2
Dome/GWCC	1/9	1
Vine City	1/8	1

Strategies:

- Off-day watch cancellations for all Operations and Administrative personnel on Monday, January 20, 2025.
- Explosive Detection Canine Teams (EDCT) will conduct pre-event sweeps and provide officer presence at the impacted stations.
- Tactical Field Officers (TFO) and Mobile Field Force (MFF) Officers will be on duty and respond as needed.
- The Special Operations Response Team (SORT) will provide visibility at the most impacted rail stations and be available to respond if an activation is required.
- The Under Cover (UC) team will wear uniforms and provide coverage at the impacted rail stations.

Mission

- Provide safe and efficient vehicle escort services or approved escorts in Atlanta and surrounding areas.
- Ensure timely arrival and departure of escorted vehicles at designated locations.
- Maintain communication and coordination with the escort leads avoiding deconfliction issues between multiple motorcades.

Execution

Committee Chair Intent: Ensure the safety and security of all motorcade participants while maintaining the flow of traffic and minimizing disruptions.

Tasks:

1. Use the approved escort request list to establish the escort route and schedule.
2. Utilize police personnel at key intersections and check points along the route to assist motorcades during ingress and egress of event road closures and security zones.
3. Track motorcade movements and estimated arrival times.
4. Monitor traffic conditions and adjust motorcade routes if necessary to avoid congestion or road closures.
5. Maintain communication with motorcade leads to provide updates and instructions.

Coordination

- Coordinate with local law enforcement agencies for closures and motorcade deconfliction.
- Maintain communications with event organizers for updates and changes.
- Establish dedicated radio channels for motorcade teams.

Rules of Engagement

- Prioritize safety and adherence to traffic laws.
- Maintain professionalism and courtesy.

Administration/Logistics

Personnel: Ensure properly trained officers only are assigned escort duties. Provide time for motor officers to take shelter and recover from hazardous weather conditions.

Equipment: Ensure police vehicles used for escorts are properly maintained and equipped with necessary agency markings, operating emergency lights and sirens, and communications equipment.

Operations Centers

During the College Football Playoff, we will have 3 operations centers open. These operations centers are listed below:

- Atlanta Joint Operations Center
- Mercedes-Benz Stadium Operations Center
- Georgia World Congress Operations Center

The Atlanta Joint Operations Center (JOC) will be activated for the College Football Playoff. Incident Command at the Mercedes-Benz Stadium will have direct communication with the JOC throughout the event.

The Mercedes-Benz Stadium Operations Center (SOC) will be located on the second level of the Stadium overlooking the field of play. The SOC is a state-of-the-art command center with representatives from the APD, AFRD, Grady EMS, GWCC Police, S.A.F.E. Security, Building Security, College Football Playoffs, Guest Services, Information Technology, Operations (Housekeeping and Setup), Ticketing, Human Resources, Finance, Communications, and Building Team Leadership.

The Mercedes-Benz Emergency Operations Center is located adjacent to the Stadium Operations Center and will be utilized in the event of an emergency that would require notifying and soliciting input from Mercedes-Benz Stadium executive-level decision-makers.

The GWCCA Operations Center will be located in the Georgia World Congress Center. It will be occupied by members of the Atlanta Police Department (Police and Dispatch), Georgia World Congress Center Authority, MARTA, Georgia Bureau of Investigations Crime Analysts, Parking, Georgia Department of Transportation, and Kimley-Horn. The focus of the GWCCA Operations Center during stadium events is traffic but this center can serve as the operations center for the Mercedes-Benz Stadium if the Stadium Operations Center or Emergency Operations Center is disabled for any reason.

Staff

During the College Football Playoff, we will be utilizing approximately 250 officers to accomplish our mission. About 150 sworn law enforcement officers and supervisors will be assigned to the interior of Mercedes-Benz Stadium and 100 will be assigned to assist with traffic. Of the 150 officers, they will be deployed based on the chart below:

Specific Tasks

The Atlanta Police Department License and Permits Unit and COPS Unit will provide increased police visibility during NCAA College Football Championship to reduce crime around the alcohol establishments identified in the Security Zone, and address illegal vendors.

The personnel assigned to the detail are as follows:

- Sworn Officers from the License and Permits Unit/COPS Unit: 10
- Sworn Officers from Zones: 6
- Sworn Supervisors Sergeants: 1
- Incident Commander Lieutenants: 1
- License and Permits Civilian Inspectors: 4
- The Operating Hours are 1200 to 0000hrs.

Administration/Logistics

The Command Center will be located in Atlanta Public Safety Headquarters in the Joint Operations Center. Each hotel covered by this committee will have a designated meeting room to be used as a planning and staging area. APD coverage will begin on January 17, 2025, and run continuously through January 21, 2025. No external police agencies are needed. APD will utilize Evening Watch officers to staff the following hotels:

Command, Control, Communication, Coordination

All tactical operations at the Mercedes-Benz Stadium will operate off of either the Atl P-25 frequency or the Moto Turbo frequency. APS COMMAND, STADIUM, TAC 6, ATL-MA-4, and 8TAC 91D channels will all be under the Atl P-25 frequency. MBS SOS, MBS SEC, and MBS Medical will all operate on the Moto Turbo Frequency. The Atl P-25 frequency is for public safety while the Moto Turbo frequency will be used for internal Mercedes-Benz Stadium issues such as operations, security, and onsite medical operations. Refer to ICS-205 for radio talkgroups

- Each lead supervisor is responsible for building relationships with private security at their respective hotels.

Law Enforcement Sensitive (LES) Information

- These supervisors are also responsible for monitoring all officers working at their site to maintain visibility and vigilance.
- Officers will remain on post until relieved by the oncoming watch.
- Rovers will be available to relieve officers for breaks and will be requested via APD radio (MA-6).
- Security officers will use existing methods of internal communication, which mostly consist of walkie-talkies, but will alert on-site officers if assistance is needed.
- Resource requests such as meals and basic supplies will be made through the lead supervisor to the JOC via radio or telephone.
- Emergency requests for AFRD, ambulances, or tactical teams will be made on the primary radio frequency.

Information-flow plan

The information flow plan will cover ongoing operations which will provide situational awareness throughout the event. The information will flow from the original source of the information to the stadium operations control center and then to the first responding officer. More complex situations that will require a request from assistance to include outside resources will entail a 12-step process, which will be illustrated on the following page.
