

SENTRAIS

Designed Calm. Engineered Resilience.

The Intelligence Operating System for High-Stakes Environments.

We Do Not Just Build Software. We Engineer Resilience.

THE PROBLEM: REACTIVE MANAGEMENT

Coordination Crisis
Fragmented Intelligence
Different Operational Clocks
Risk Vectors

Chaos is the
default state.
Calm is designed.

THE SOLUTION: ORCHESTRATED RESILIENCE

Unified Data Frame
Operational OS
Automated Evidence
Failure is Not an Option

ADVICE ECONOMY (Deloitte/Bain)

- Strategy-Heavy
- Slides
- 18-24 Months
- Human Experience (HX)

TOOL ECONOMY (Traditional Tech)

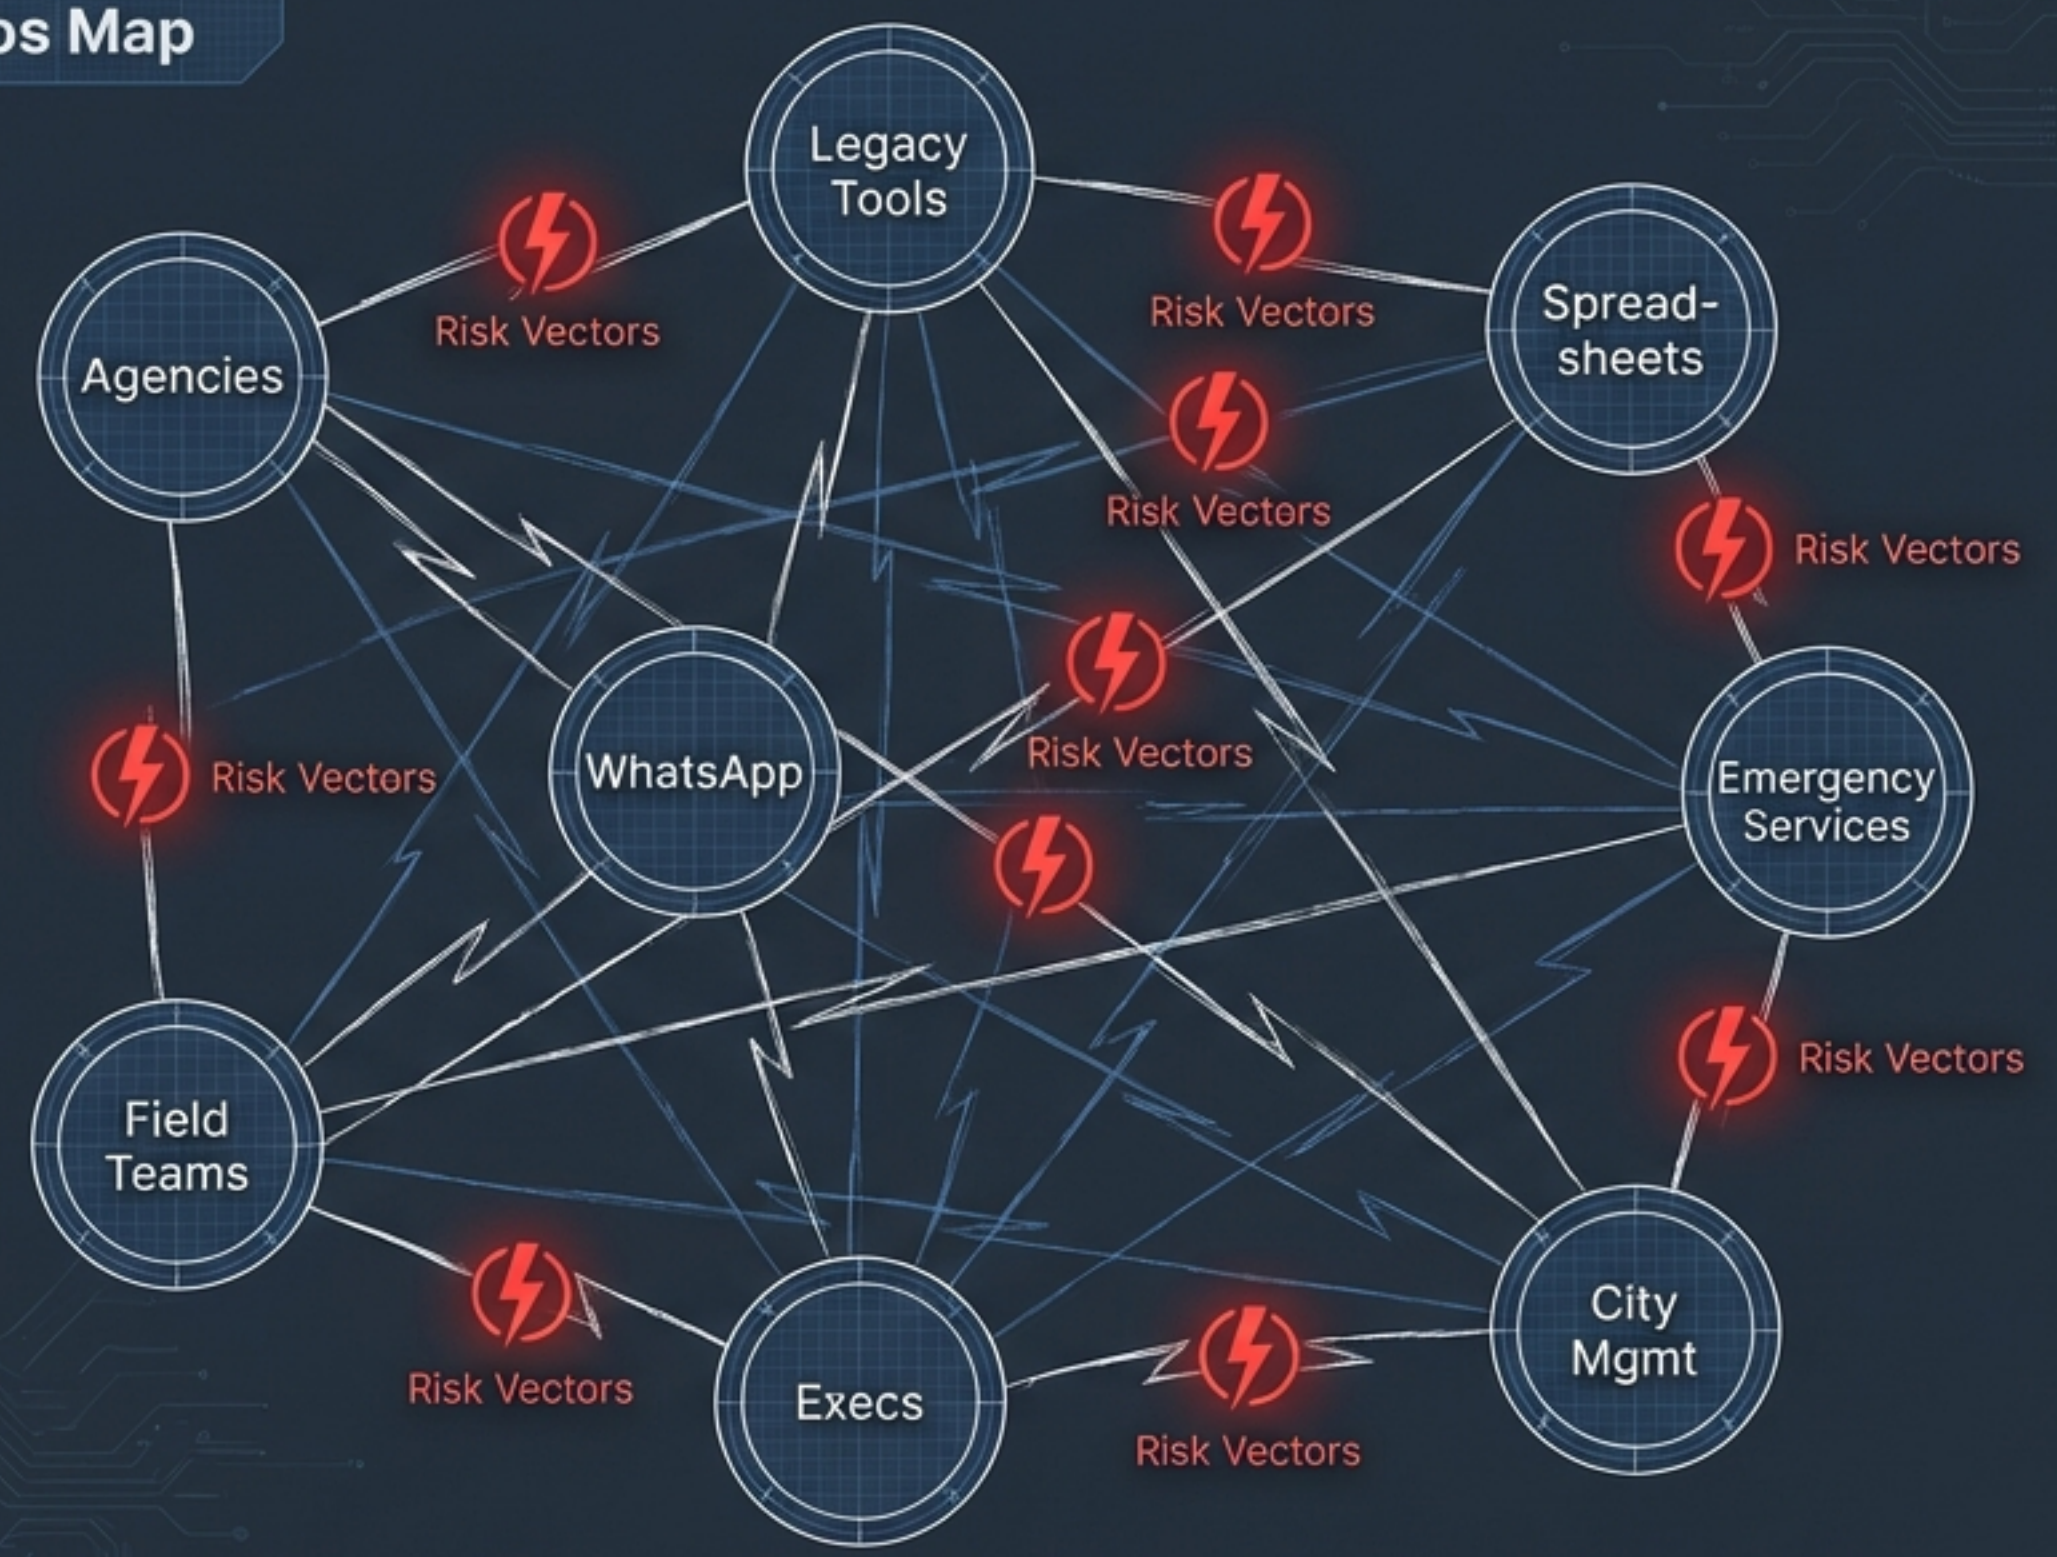

- Feature-Heavy
- Fragmented Data
- Reactive
- Lacks Context

EXECUTION ECONOMY (Sentrais)

- Strategy Embedded in Code
- Operating System for Reality
- 3-5 Month Outcomes
- Trust Engine

Disrupting the Gap Between Strategy and Tool.

Chaos Map

The Cost of Unmanaged Complexity

\$75k
per 15-min operational overrun

\$51M
damages (Atlanta Ransomware)

\$2B+
spend with no unified layer

Sentrais Outcome: 5x Faster Time to Value. 70% Lower Implementation Risk.

ZONE 4: The Commercial Front (SENTRAIS INC.)

Live Event Intelligence & City-Level Resilience

EVERGAME

League-wide intelligence.
Validated by the NFL.

eVenu

Venue certification &
operational intelligence.

CiviGrid

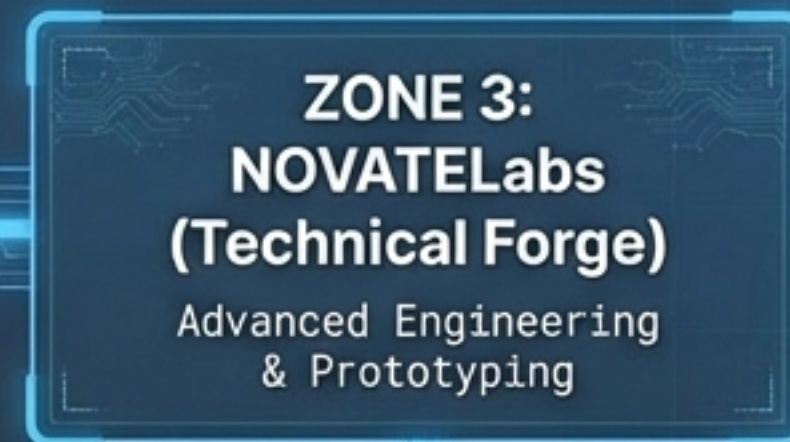

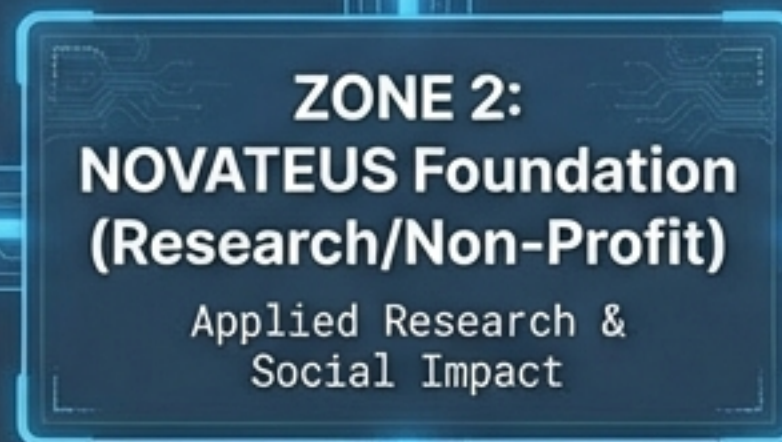

Blue Sky Readiness to
Gray Sky Response

ASIRAP Engine (Governance/PMO)

The Architectural Reveal: CHIMERA.

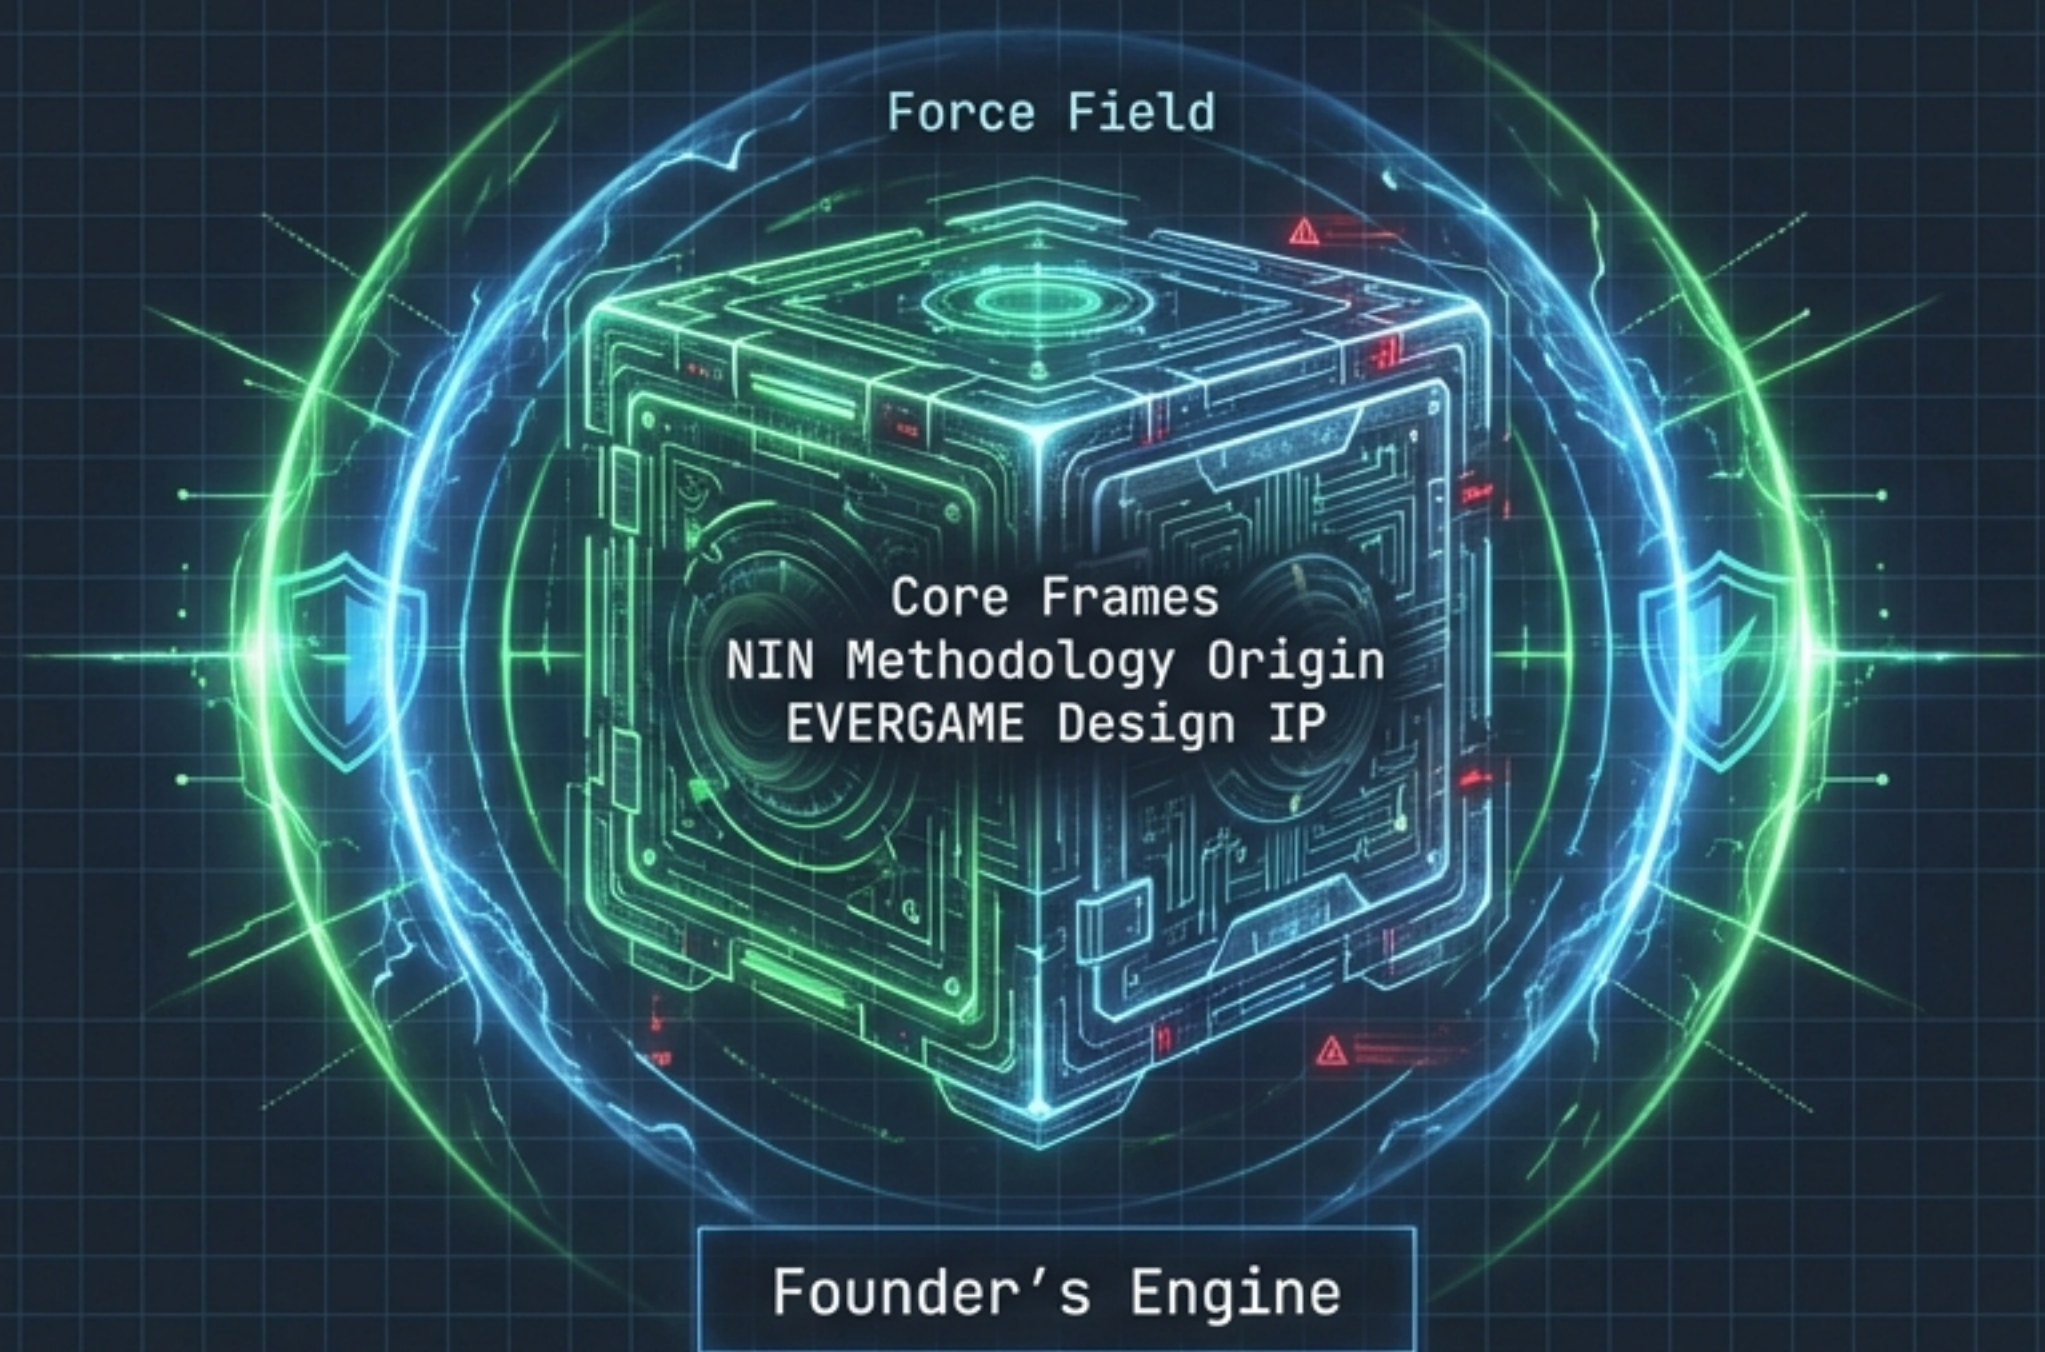

THE GOVERNANCE WATERLINE

The Hidden Unified Data Frame.

ZONE 1: RESILIENT REACH (The Vault).

The Unbreakable Core.

Perpetual protection
of the "Secret Sauce."
Nobody can ever touch
the core frames.
Strategic visibility
across the entire
ecosystem.

ZONE 2: NOVATEUS FOUNDATION (The Research Hub).

501(c)(3) Non-Profit Engine.

**SIGNAL Engine

Hackathons

NOVATEUS

**Workforce
Development**

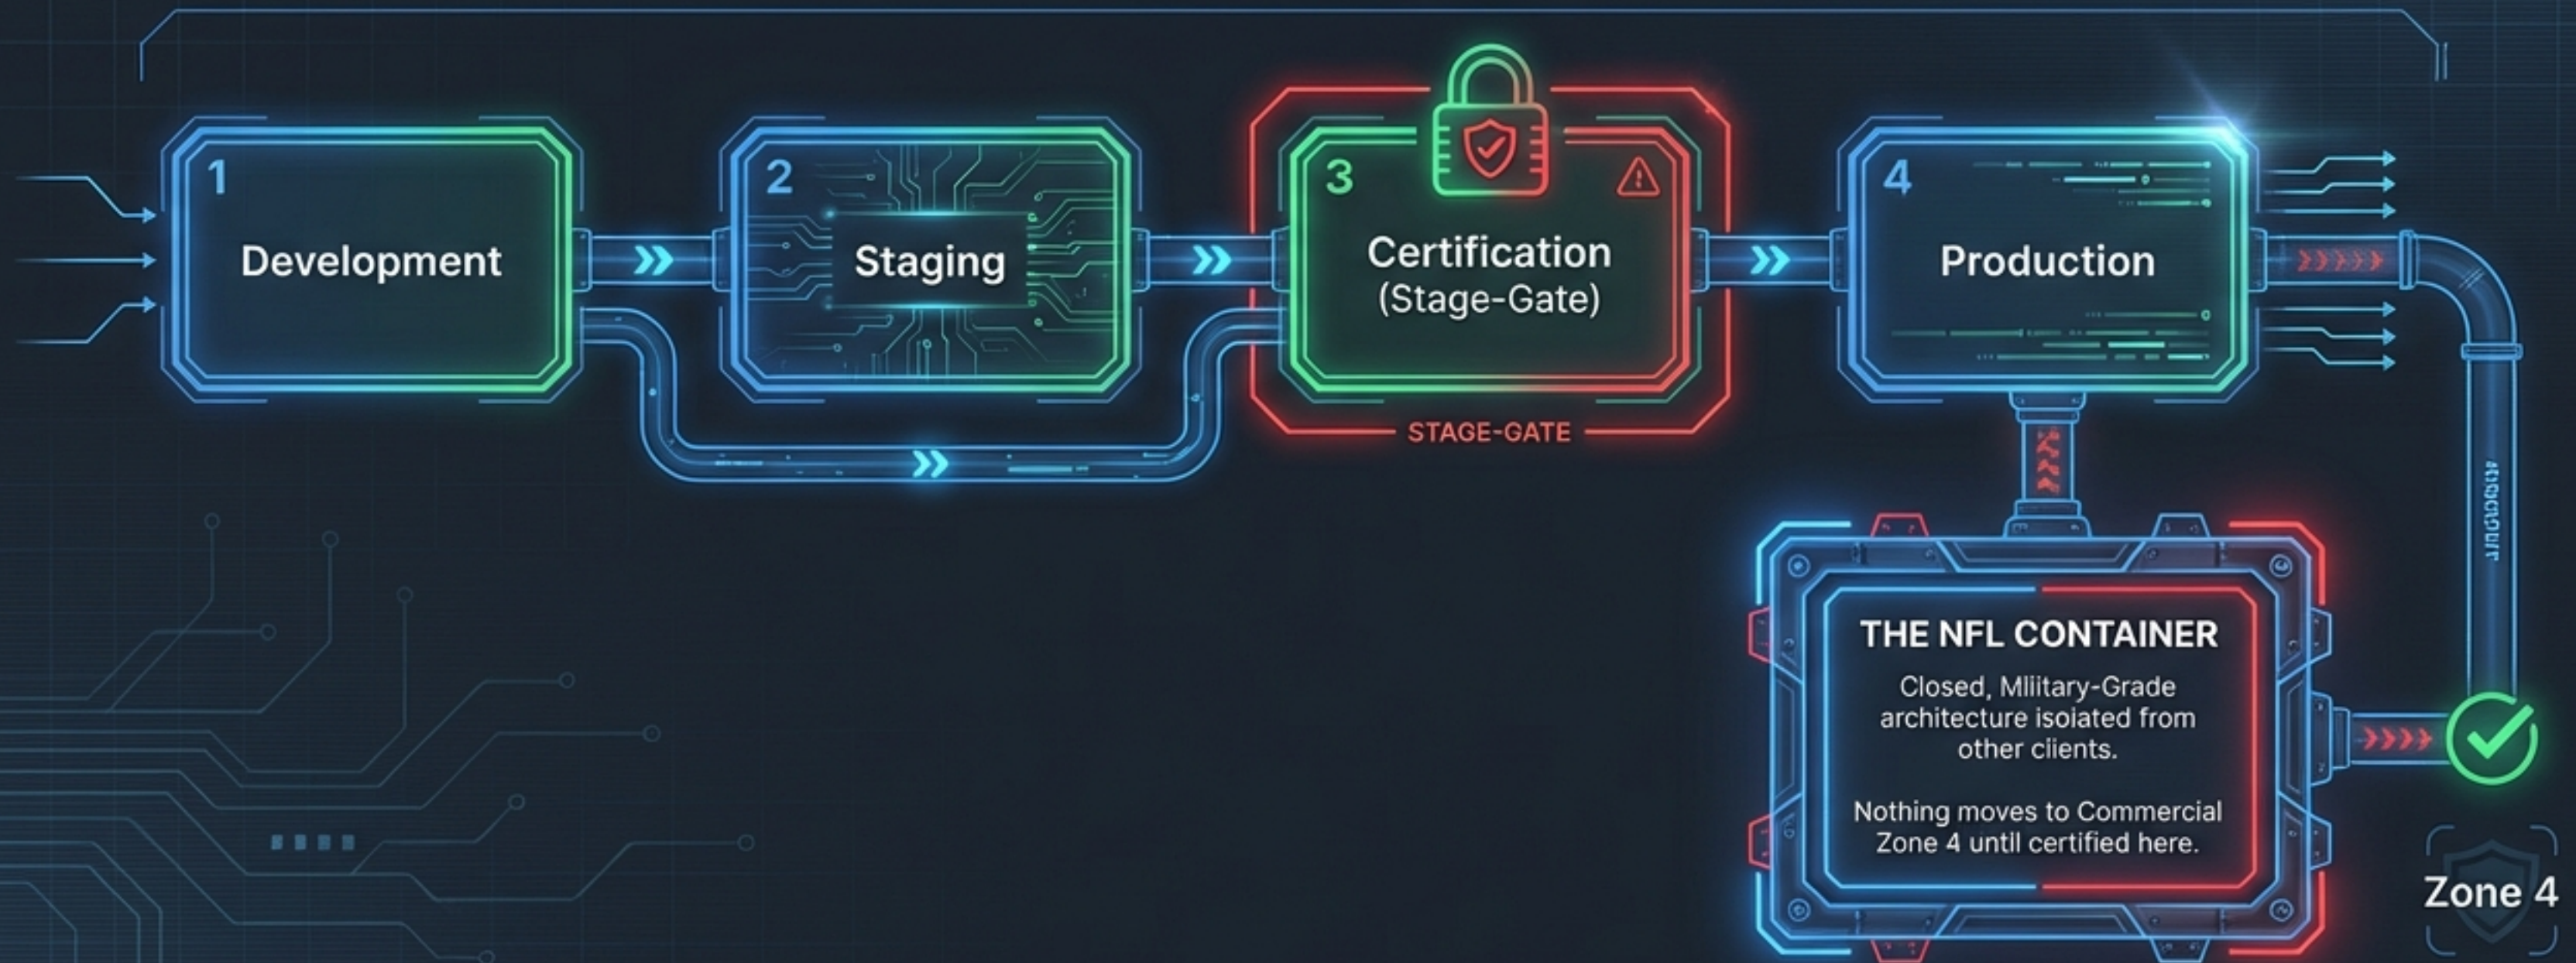

NFL positioned as
Research Partner to
enable grants and
"donated" value. Not
a commercial client
here.

**NFL HUB
(Research Partner)**

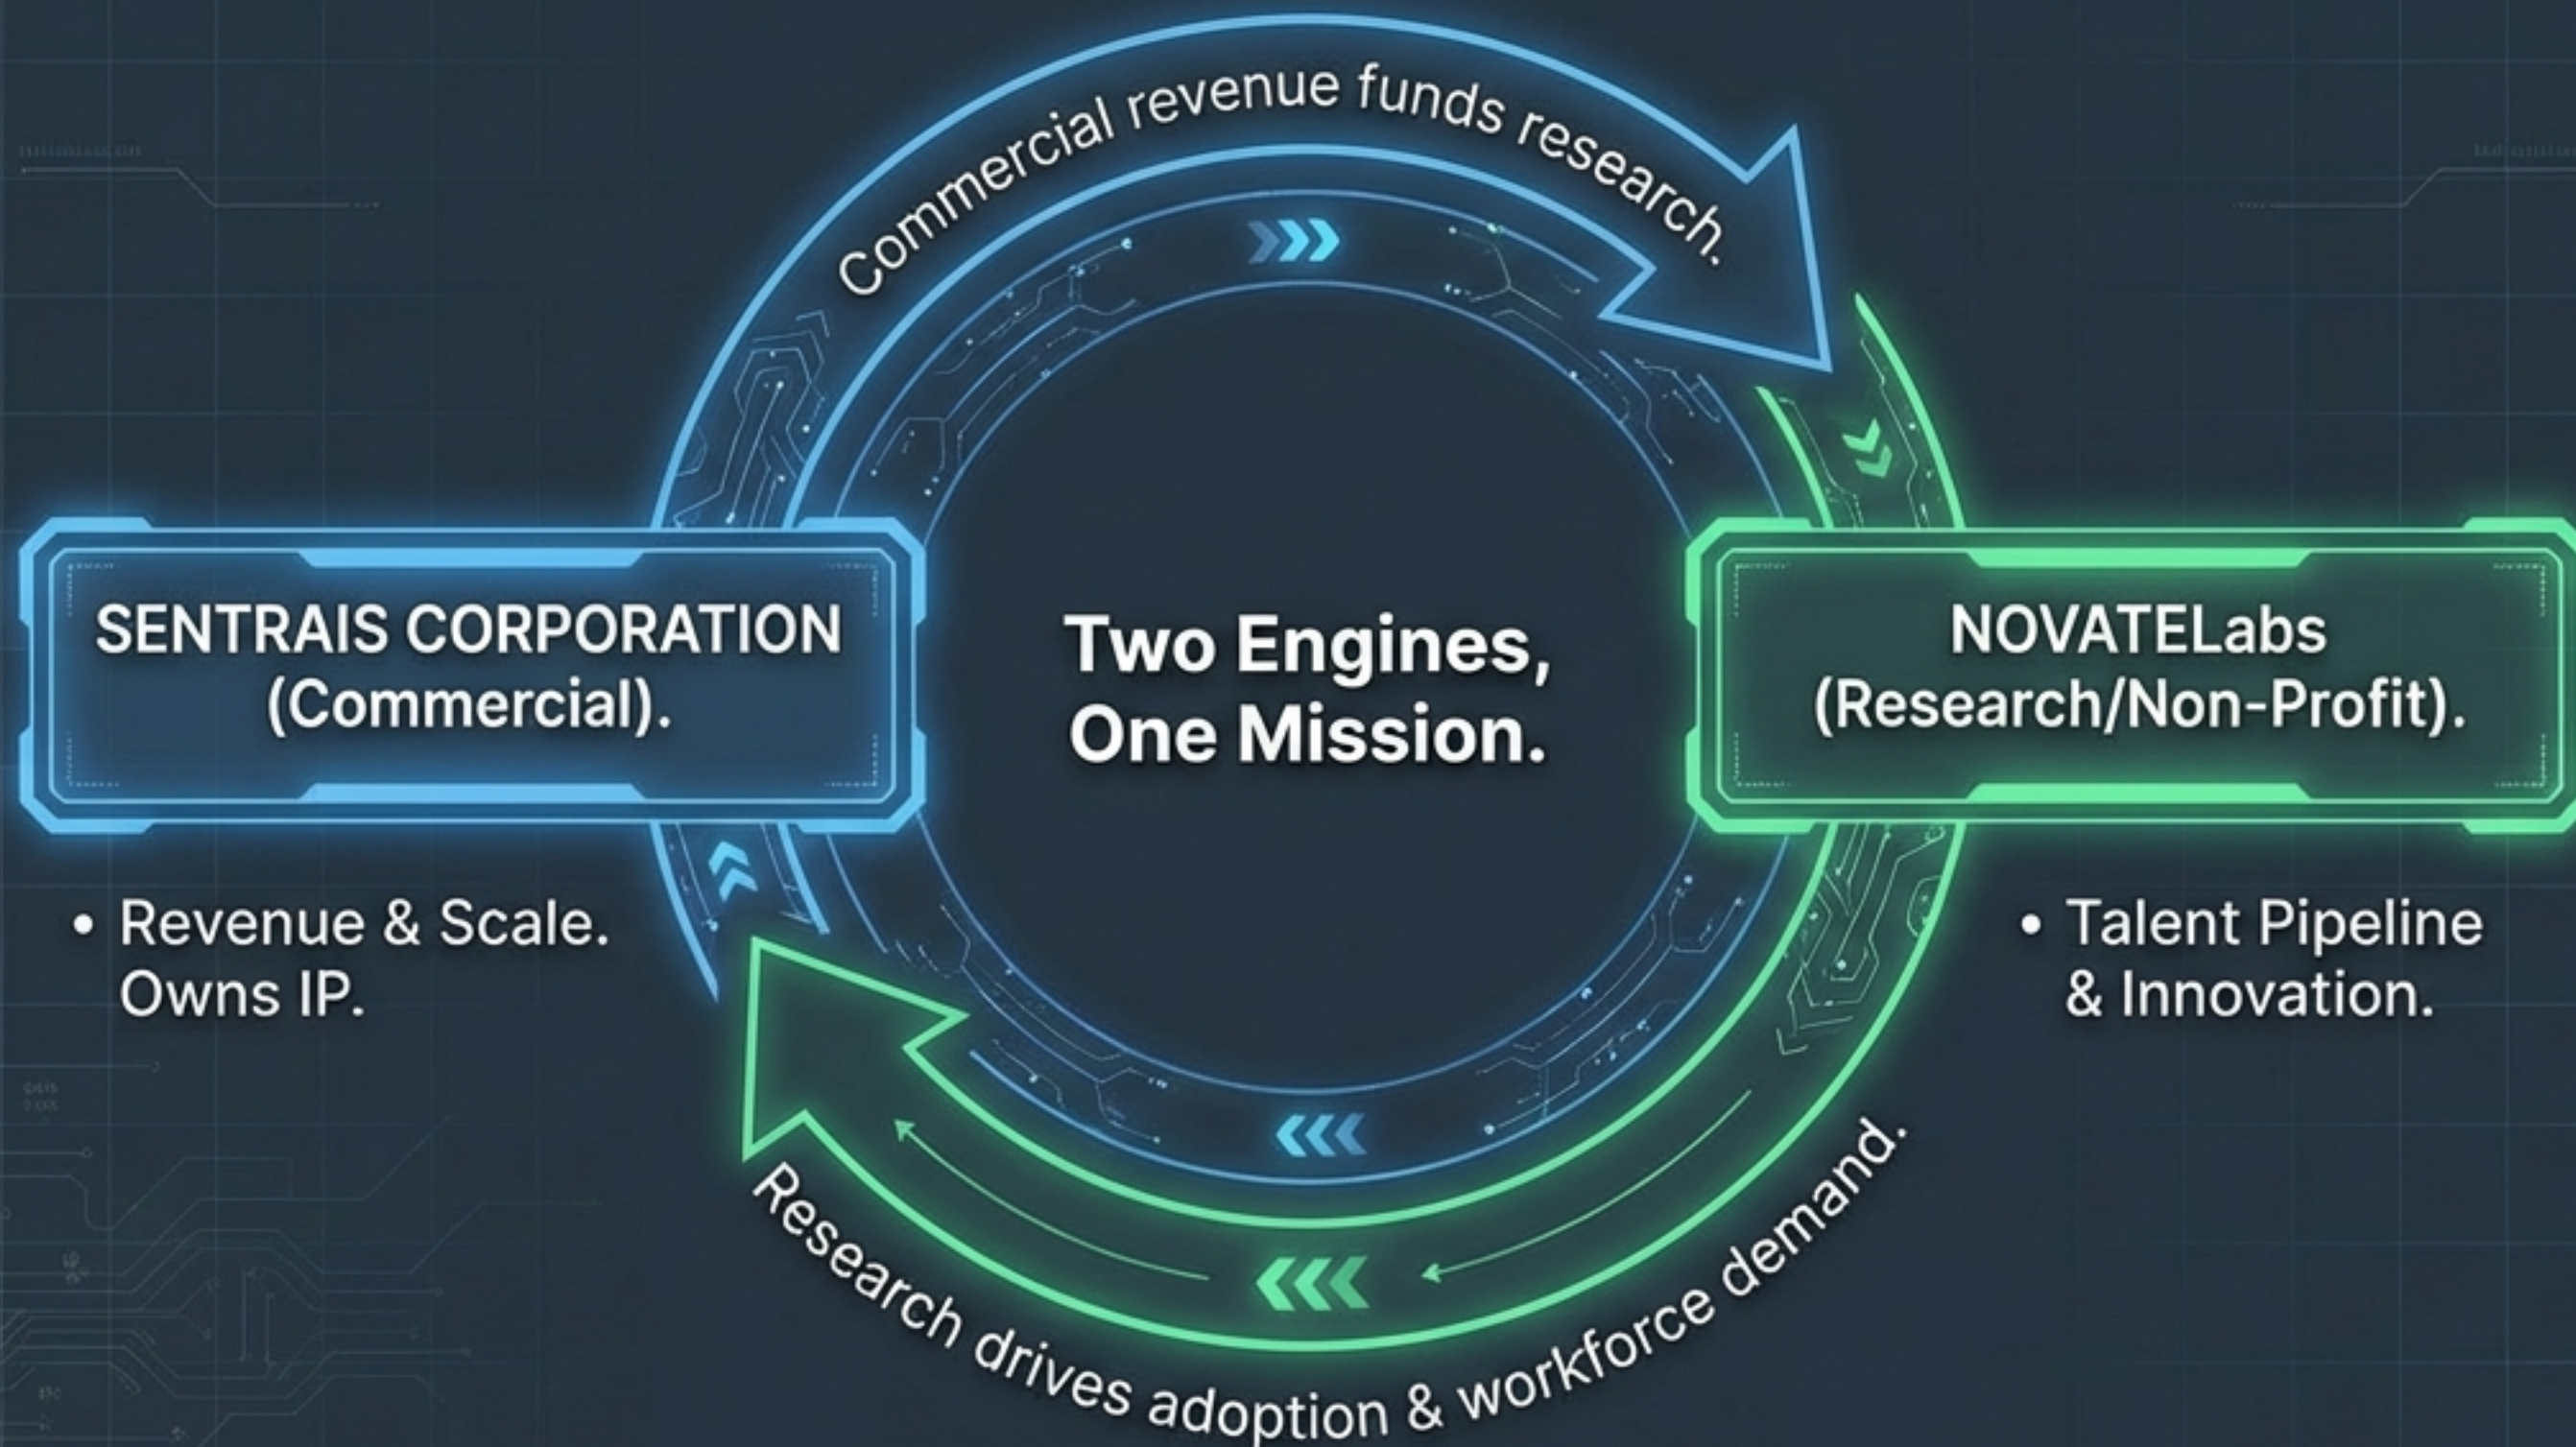

ZONE 3: NOVATE LABS (The Forge)

NOVATE Labs.ai - The Technical Staging Company

The Pentacle Engine

THE ECOSYSTEM FLYWHEEL.

The Methodology: NIN (NOVATE Intelligence Network).

Traditional Approach: 18-24 Months.

Sentrais NIN Approach: 3-5 Months | 70% Lower Risk.

Blueprinting: Digitizing Organizational DNA.

Static Artifacts

Ingestion &
Logic Mapping

Digital Blueprint

- Entity Models
- Dependency Graphs
- Risk Constraints

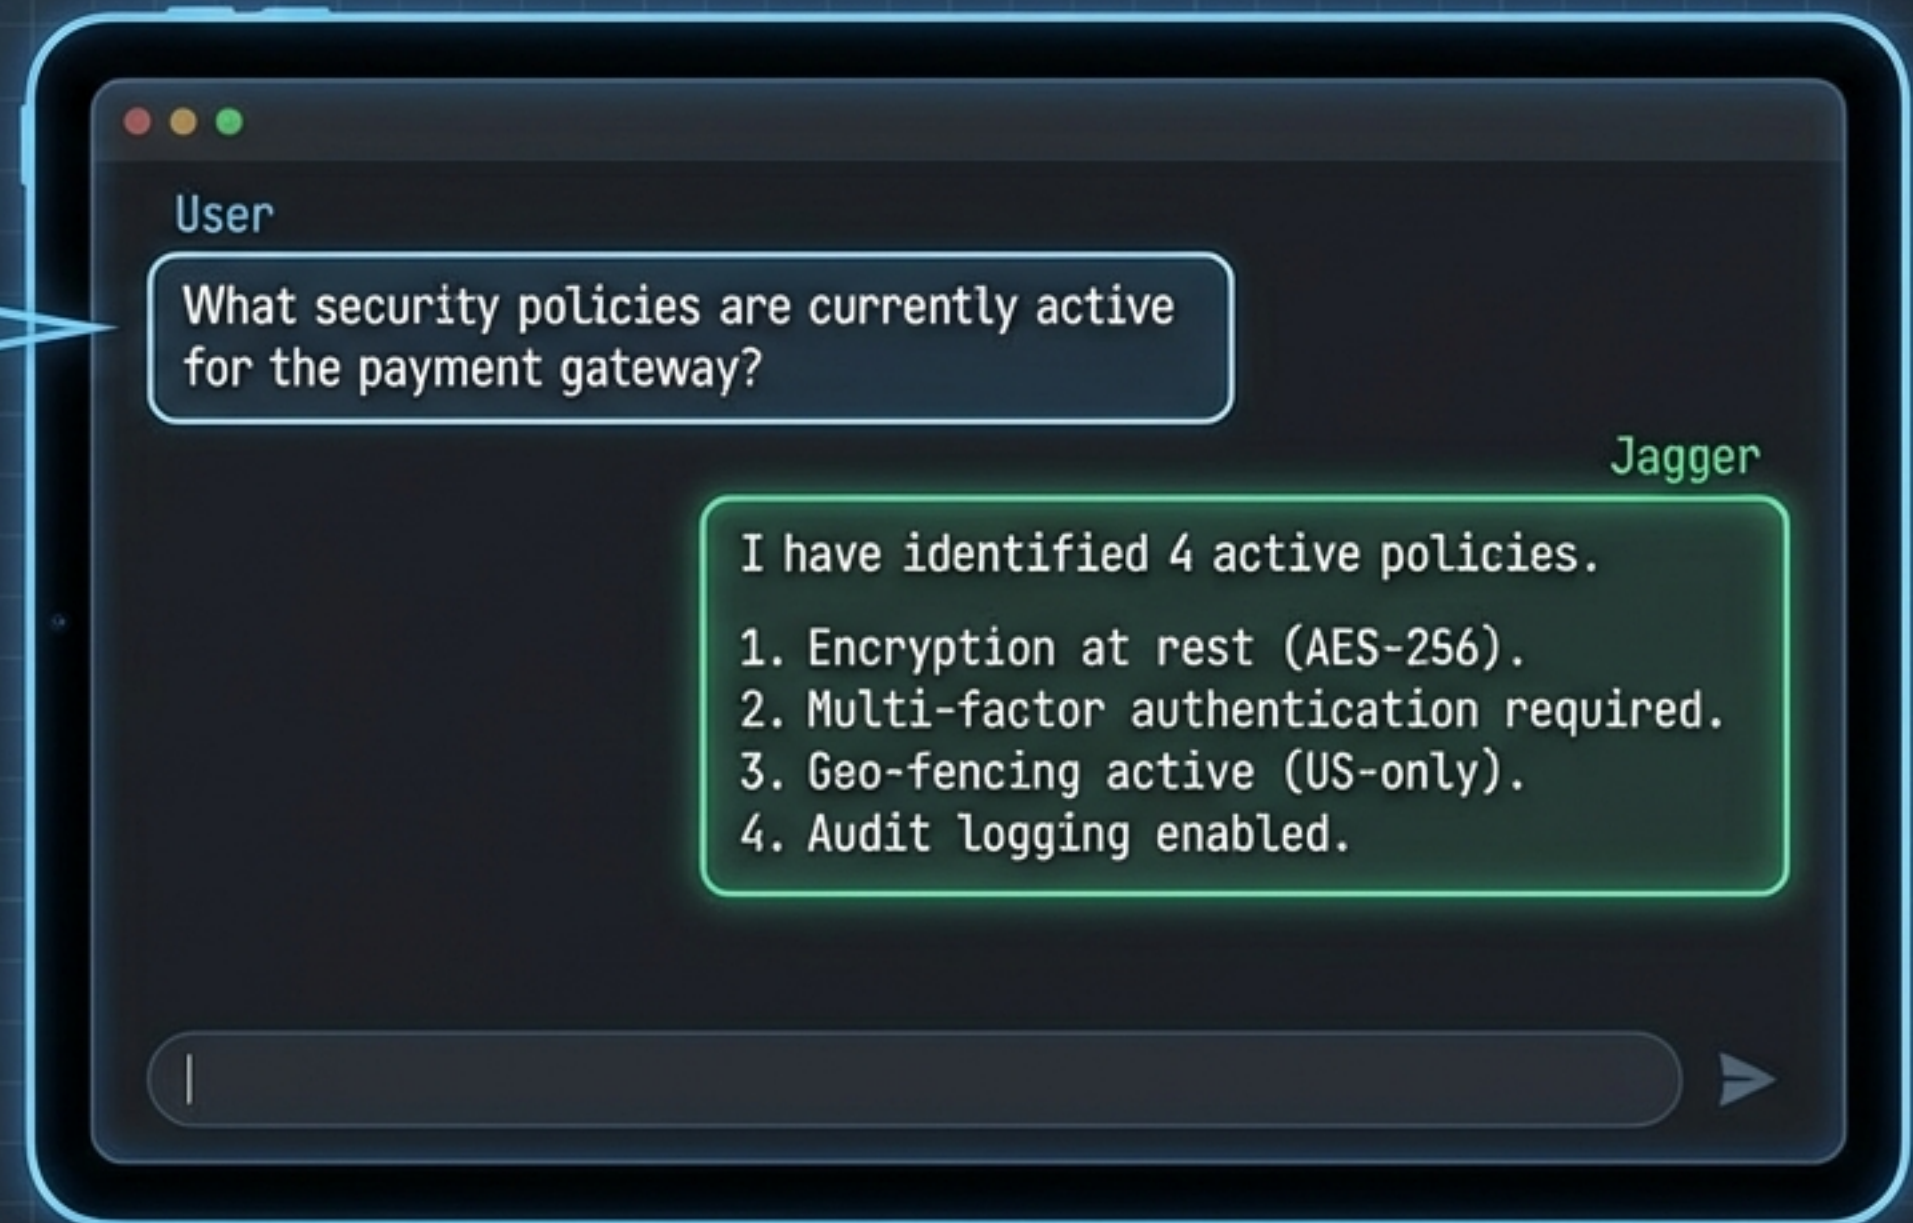

Transforming static knowledge into a living digital ecosystem.

The Intelligence: SENTRA-JAGGER.

Agentic Interface for Data Security & Resilience.

Defensive UX: Translating natural language into forensic technical action.

**Cuts security task
⌚ times by 80%.**

The Evidence Ledger: Automated Accountability.

FEMA / Gov.

Automates ICS Forms
201-214.
Supports Stafford Act
declarations.

Insurance / Risk.

Proves "Reasonable
Care."
Reduces liability
exposure.

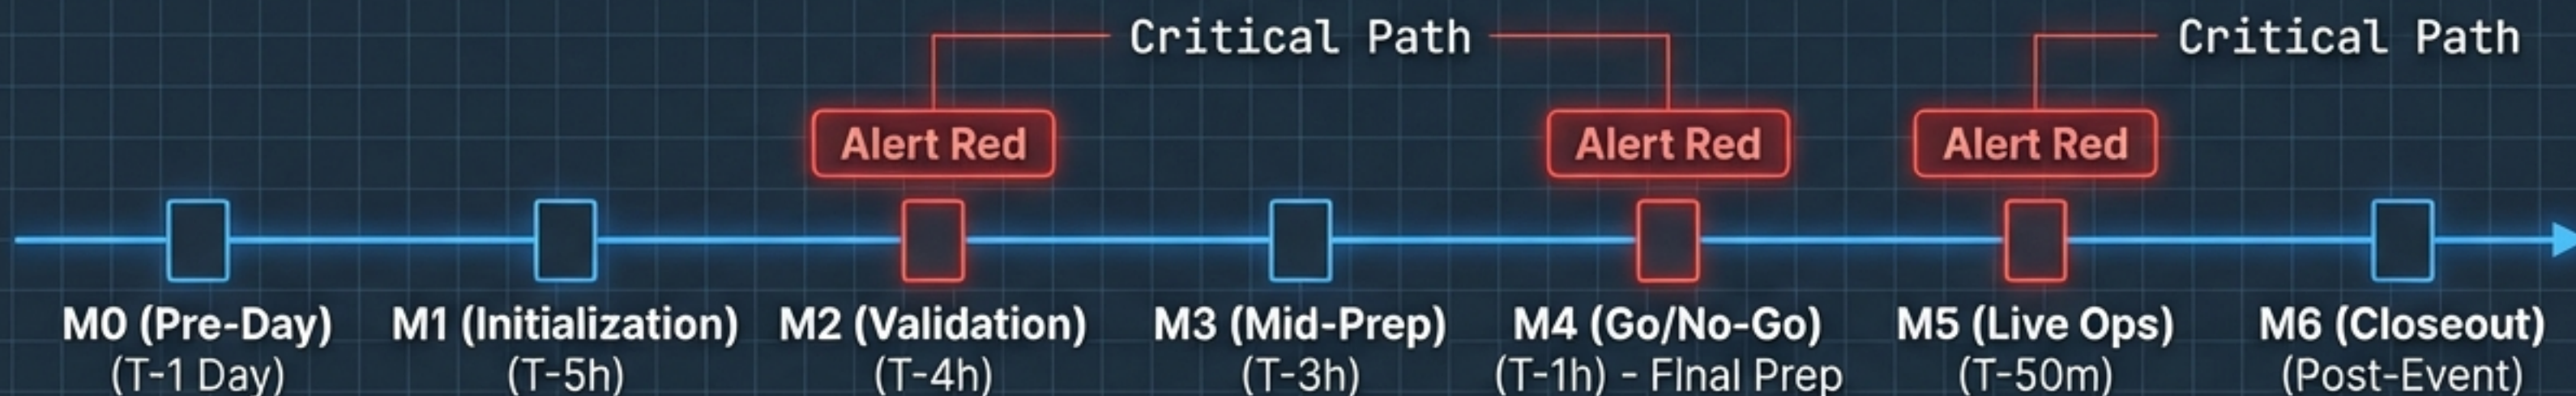

After-Action.

Auto-generates AARs
from timestamped
logs.

Metric: Automated compliance reduces liability exposure by **\$3.2M** annually.

Orchestration & Sequencing.

7-Milestone Framework

Temporal Sync Agent: Bridges disjointed clocks—aligning minutes (Ops) with years (Policy).

Vertical Application: Sports & Entertainment (NFL)

Resilience Orchestration Framework

Coordination
Score:

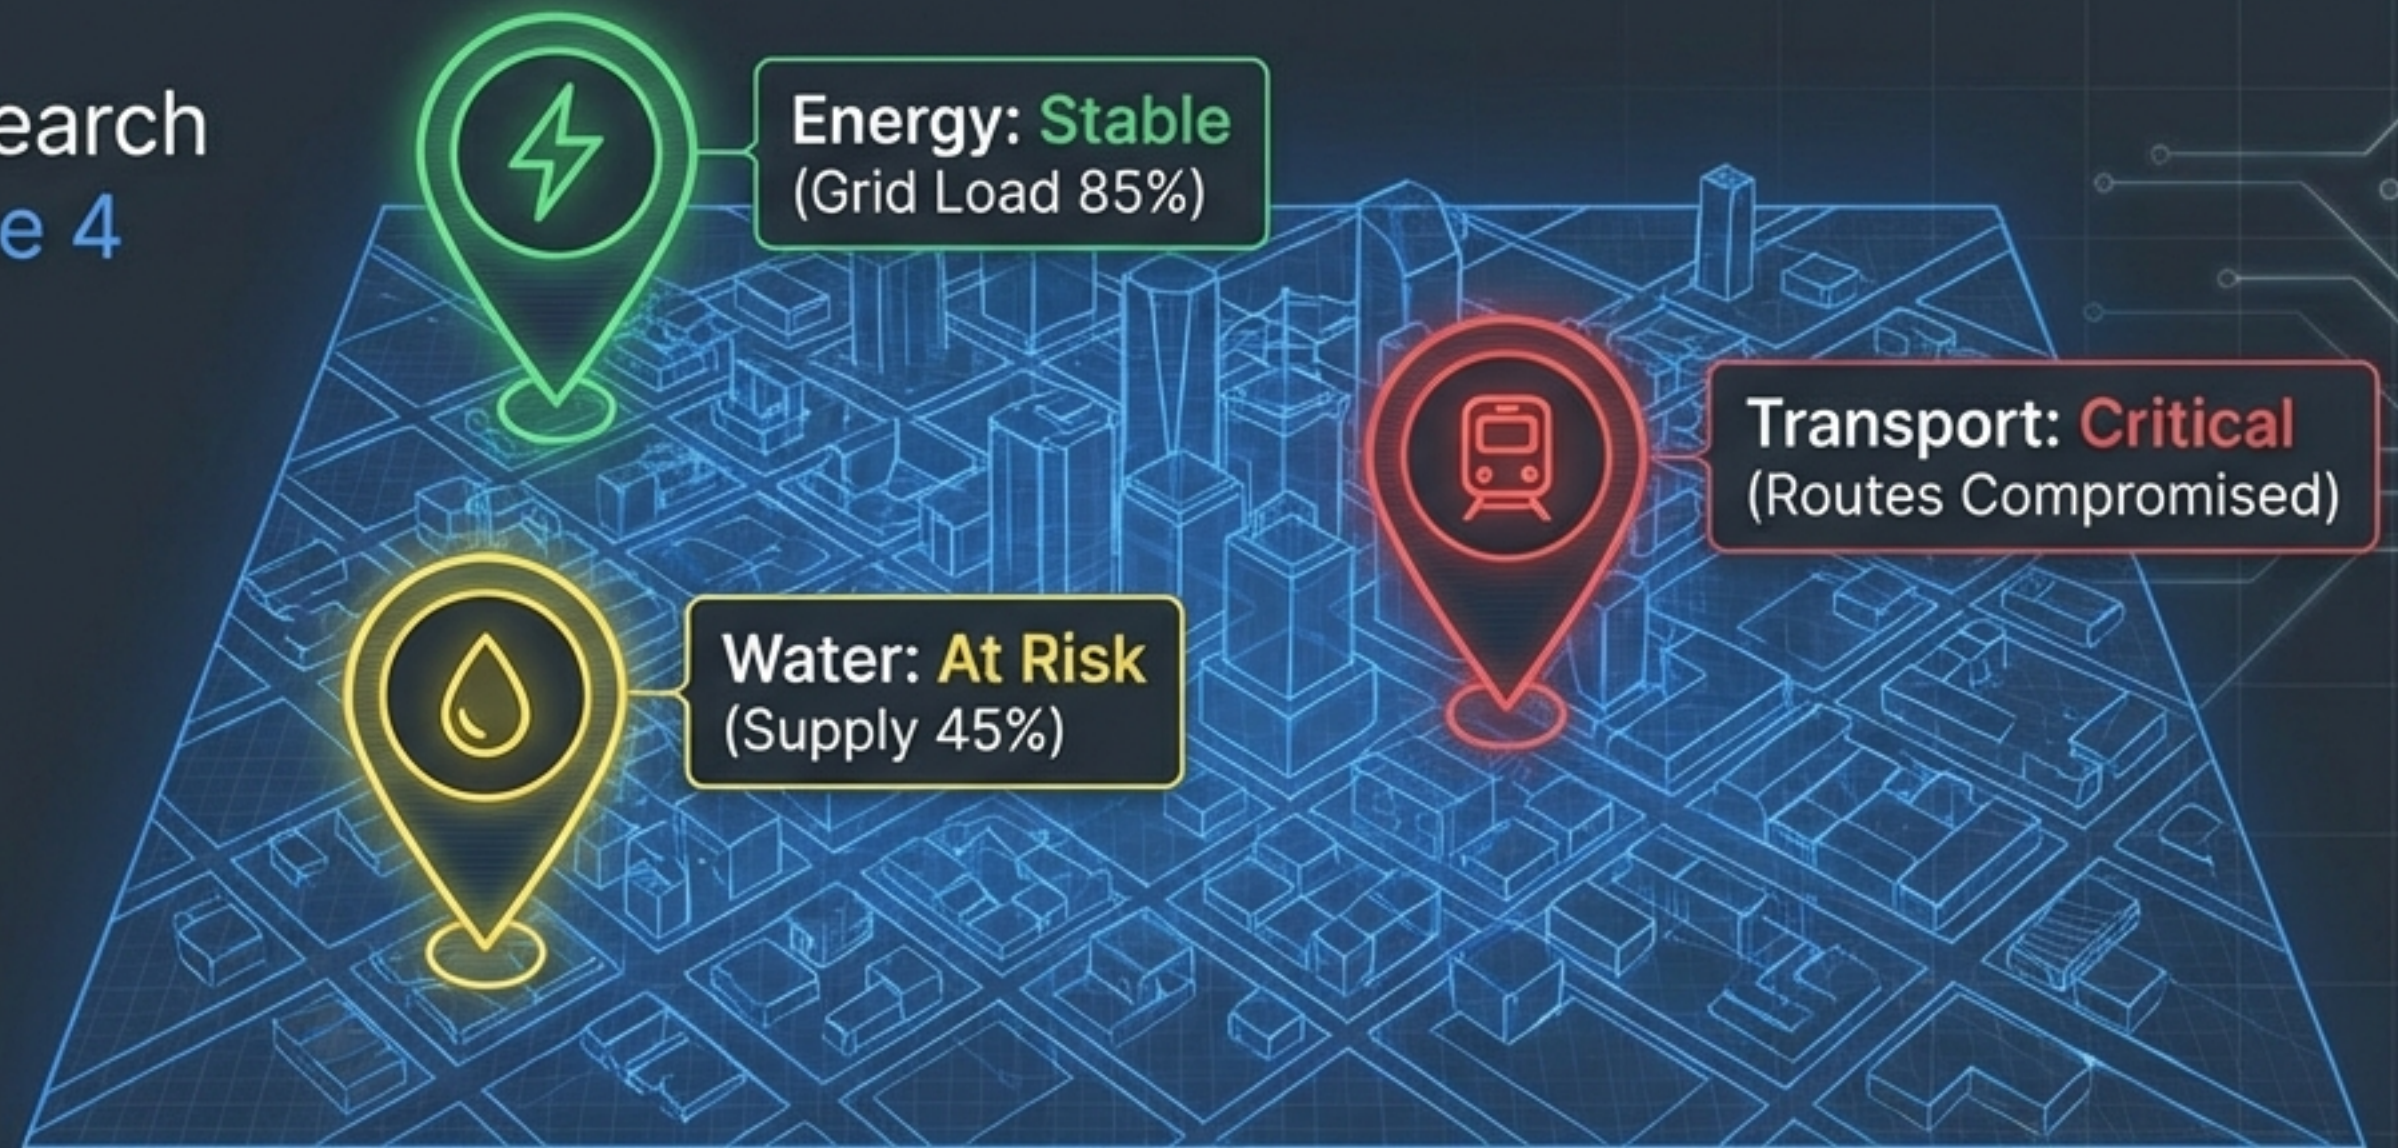

96.8

Validated by the most complex operation on earth.

Vertical Application: National Resilience (CiviGrid). From Blue Sky Readiness to Gray Sky Response.

Connecting **Zone 2** Research
(**SIGNAL Engine**) to **Zone 4**
JetBrains Mono.

Zone 4 Commercial
(**CiviGrid**).

The Venue Opportunity: A Market in Transformation.

Regulatory Pressure:

FIFA 2026 requires
LEED Silver
(**Deadline < 6 months**)

Consolidation:

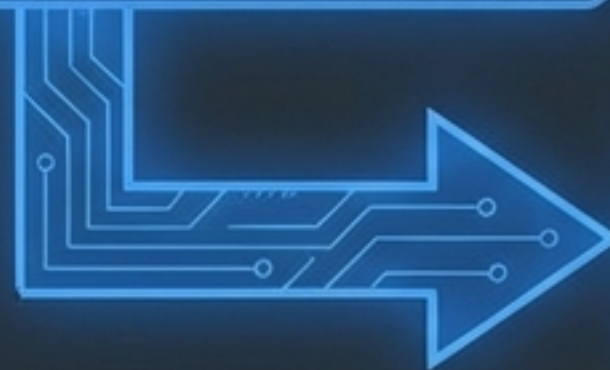

Legends +
ASM Global =
450+ Venue Network

Revenue Leakage (The Pain):

- **\$2-4M/year** lost to congestion.
- **\$1-2M/year** lost to reactive maintenance.

eVenu Solution

Flexible Engagement Models.

Innovation Pilots

Time & Materials.
Rapid discovery.
Blueprinting.

Dedicated Teams

Long-term security
