

SENTRAIS EXECUTIVE BLUEPRINT & PLATFORM ACTIVATION MODEL

TARGET CUT-OVER: MARCH 15 | PROTOCOL: NIN | STATUS: PHASE 1 (CONTAINMENT)

CONTAINMENT

ACTIVATION

CUT-OVER

WEEKS TO CUT-OVER: 5

EXECUTIVE FORENSIC OVERVIEW

This transition represents a controlled shift from founder-led orchestration to platform-led execution. The priority is no longer ideation; it is sequenced activation with strict containment of risk, authority, and IP.

The sequence is sound. The operating model is defensible. The moat is real.

CORE DIRECTIVES

THE SHIFT:
Moving from 'Building' to
'Orchestrating'.

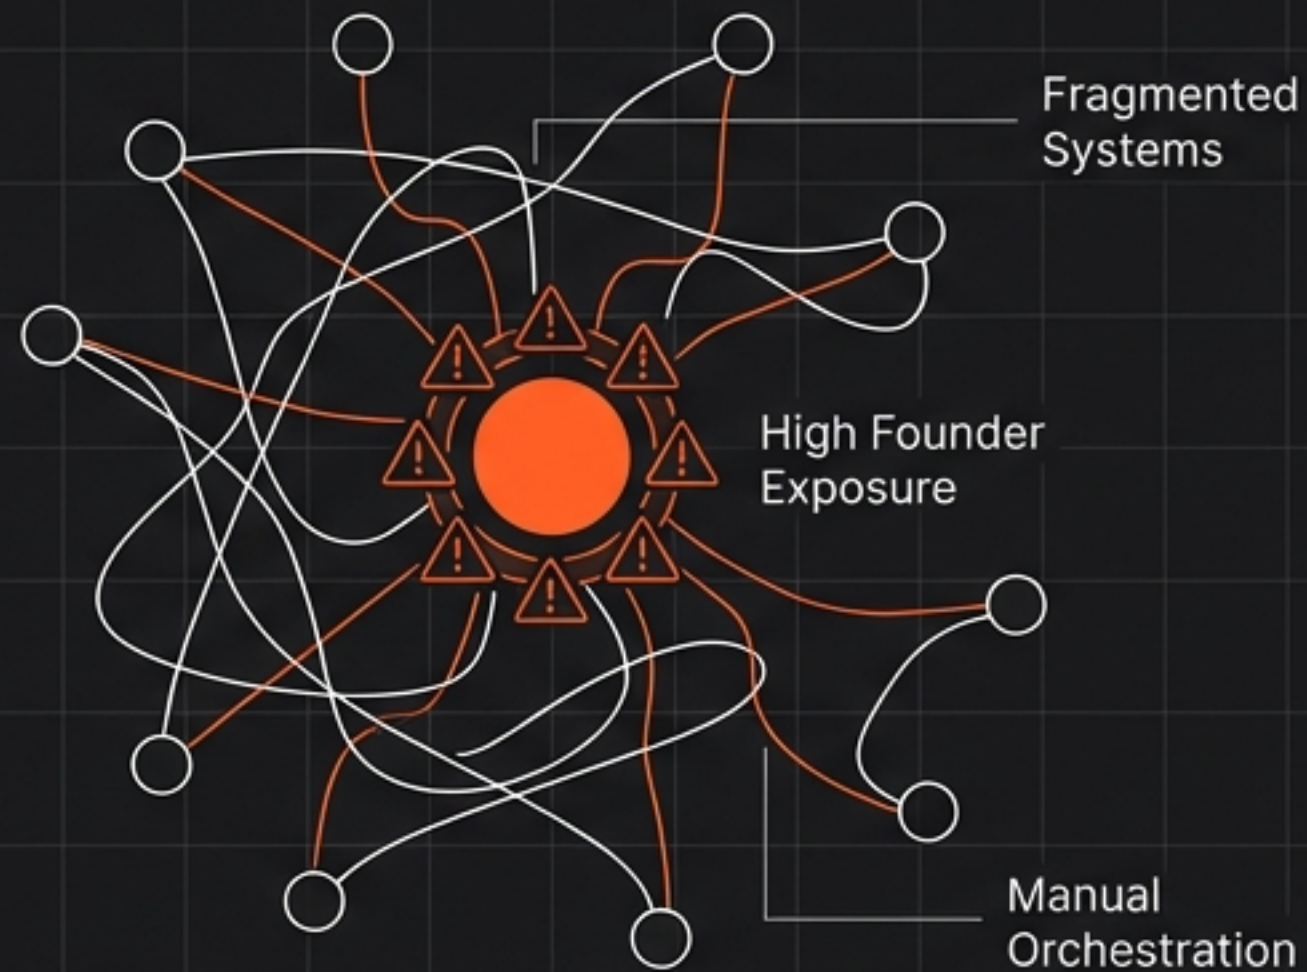

THE SIGNAL:
March 15 is a declaration of
legitimacy. A **signal event**,
not a scale event.

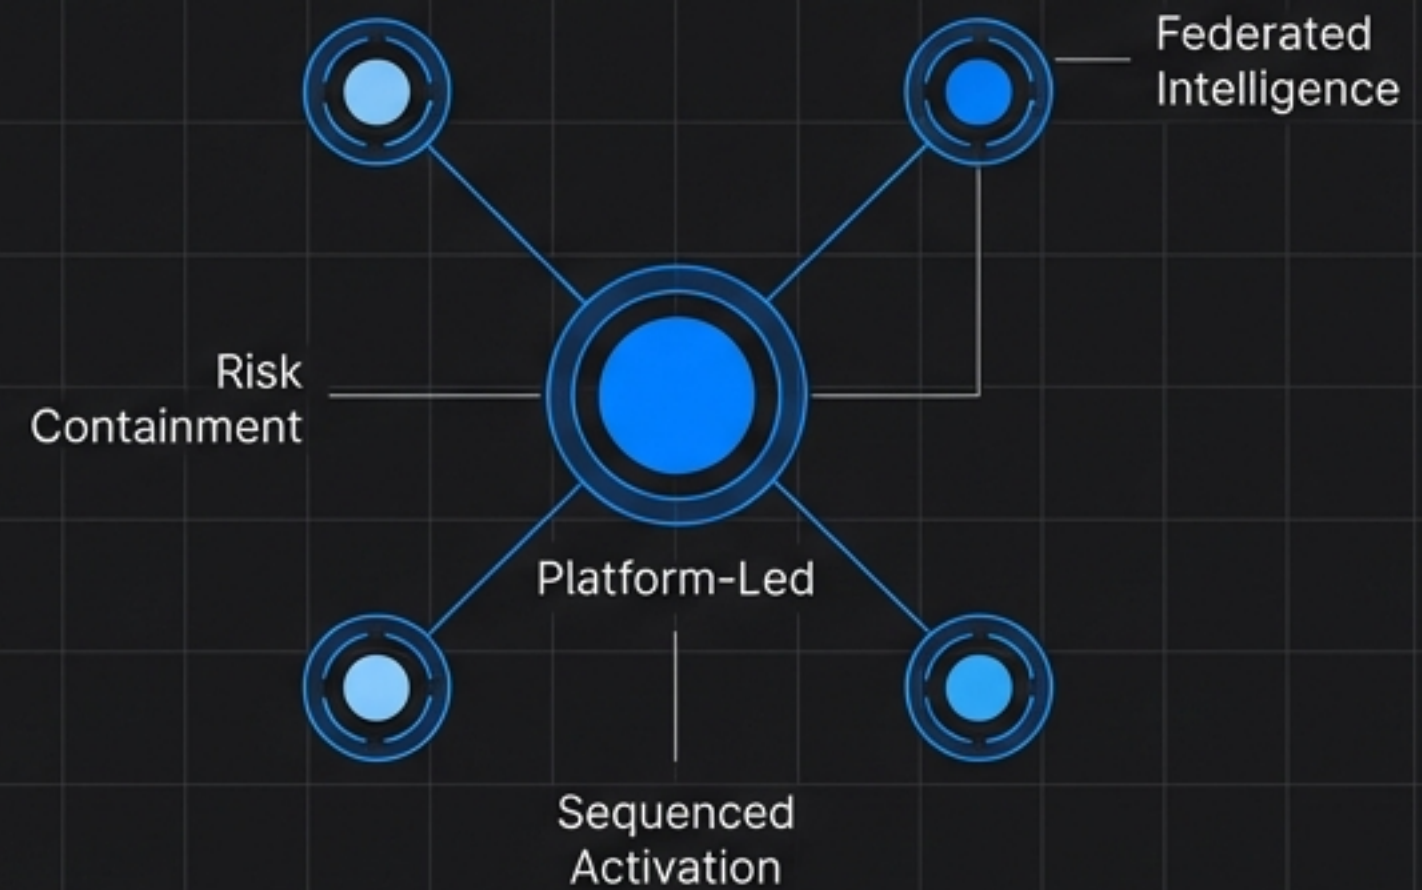

THE ANCHOR:
The **NFL Innovation Hub
Challenge** is the **proving
ground** for the resilience OS.

THE STRATEGIC PIVOT: FOUNDER VS. FEDERATED

CURRENT STATE (BUILDING)

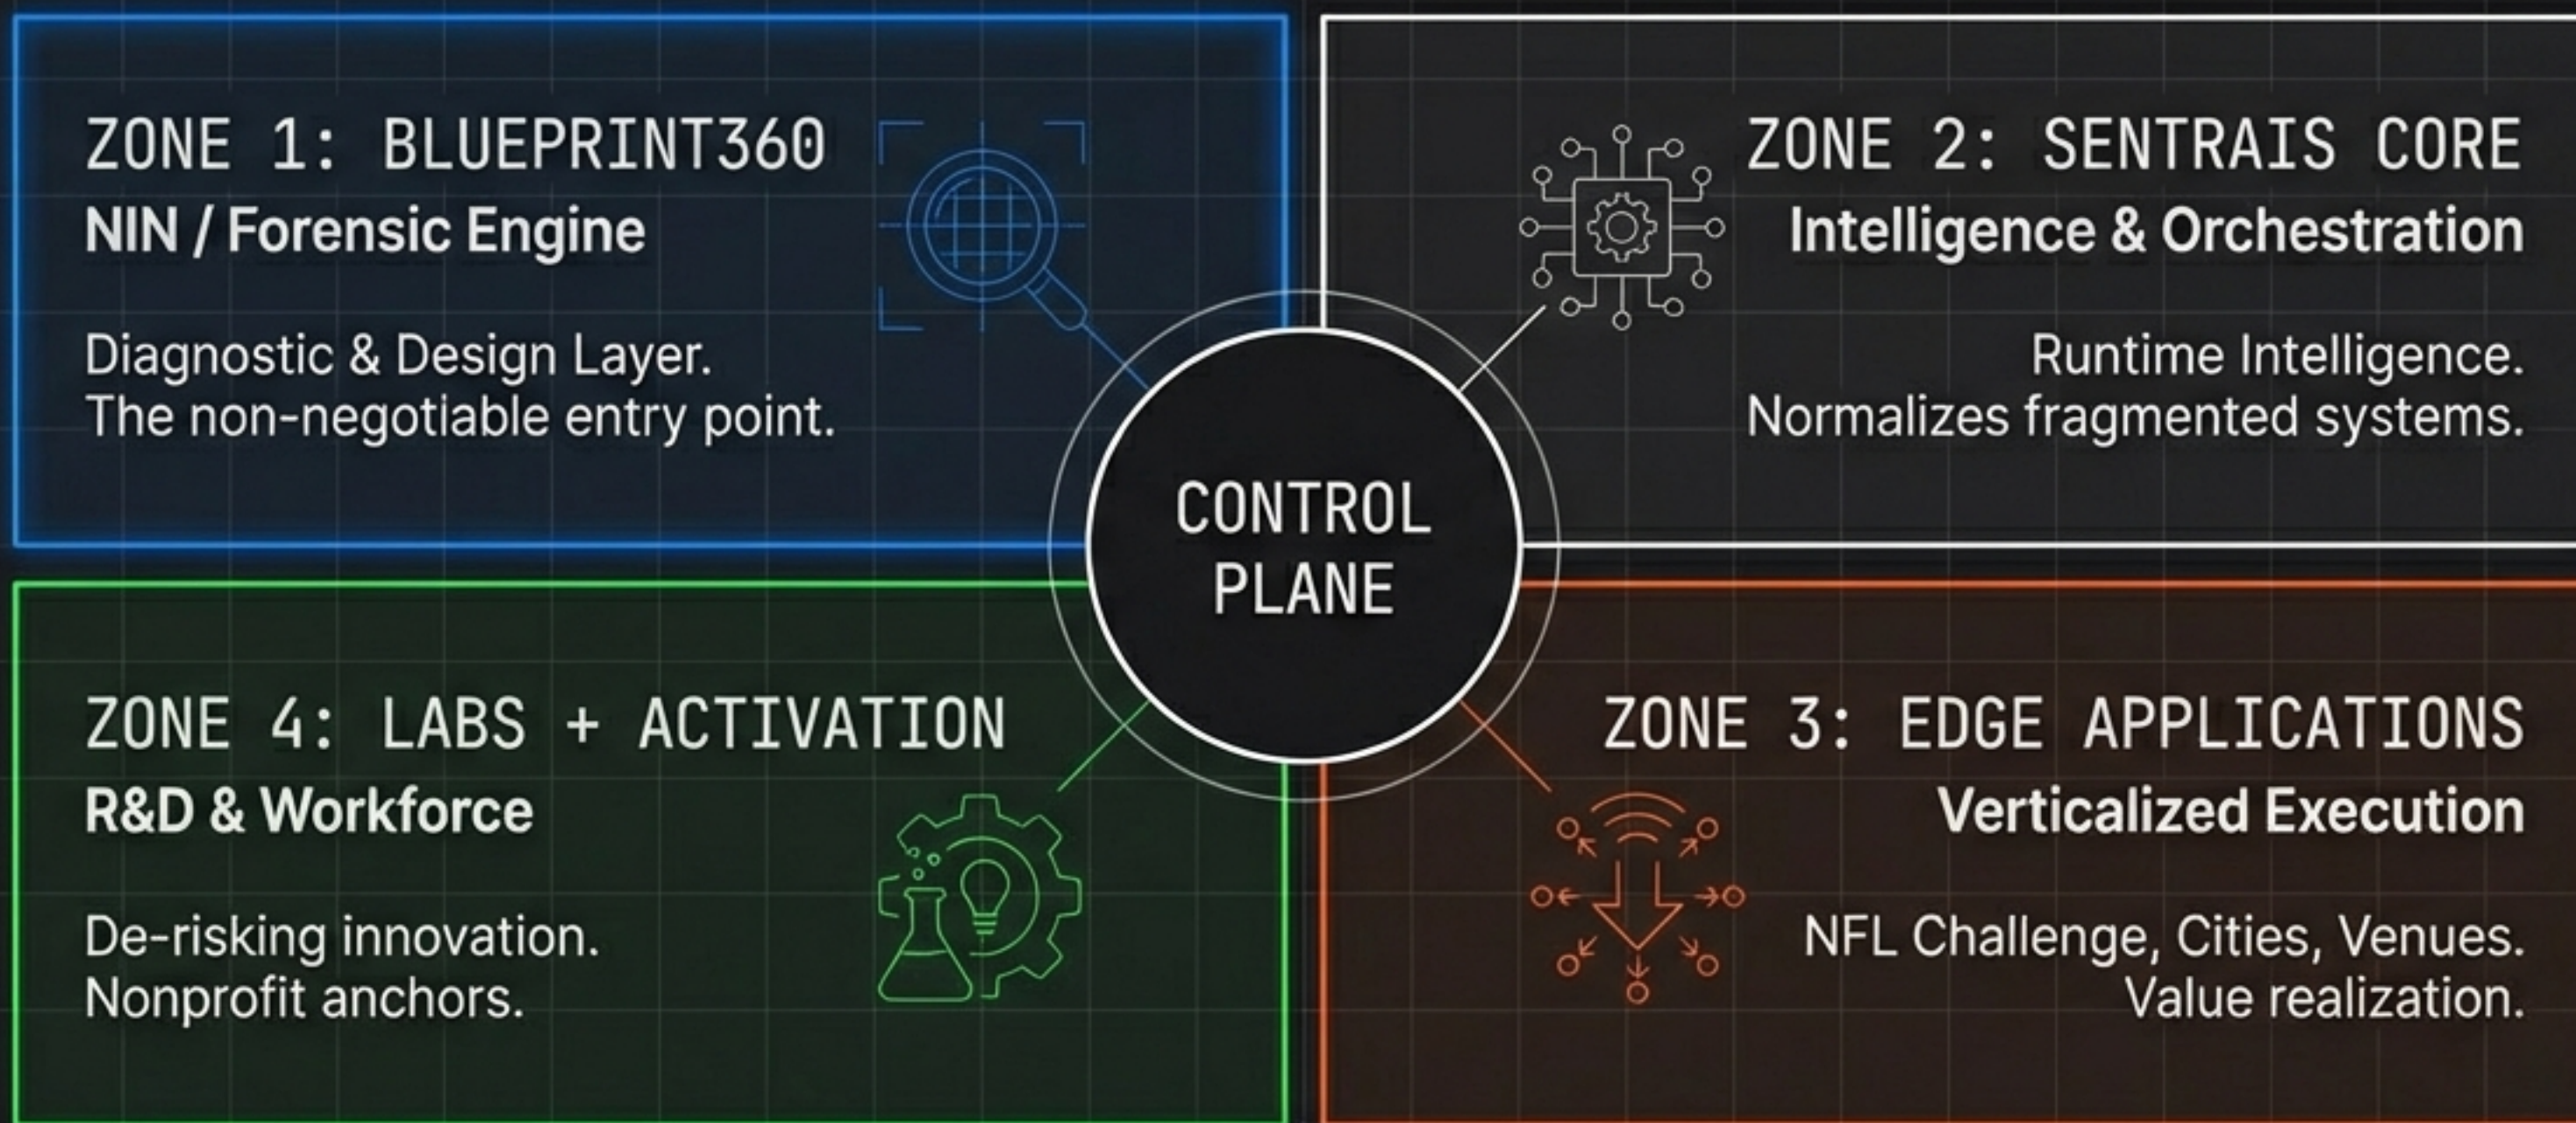

TARGET STATE (ORCHESTRATING)

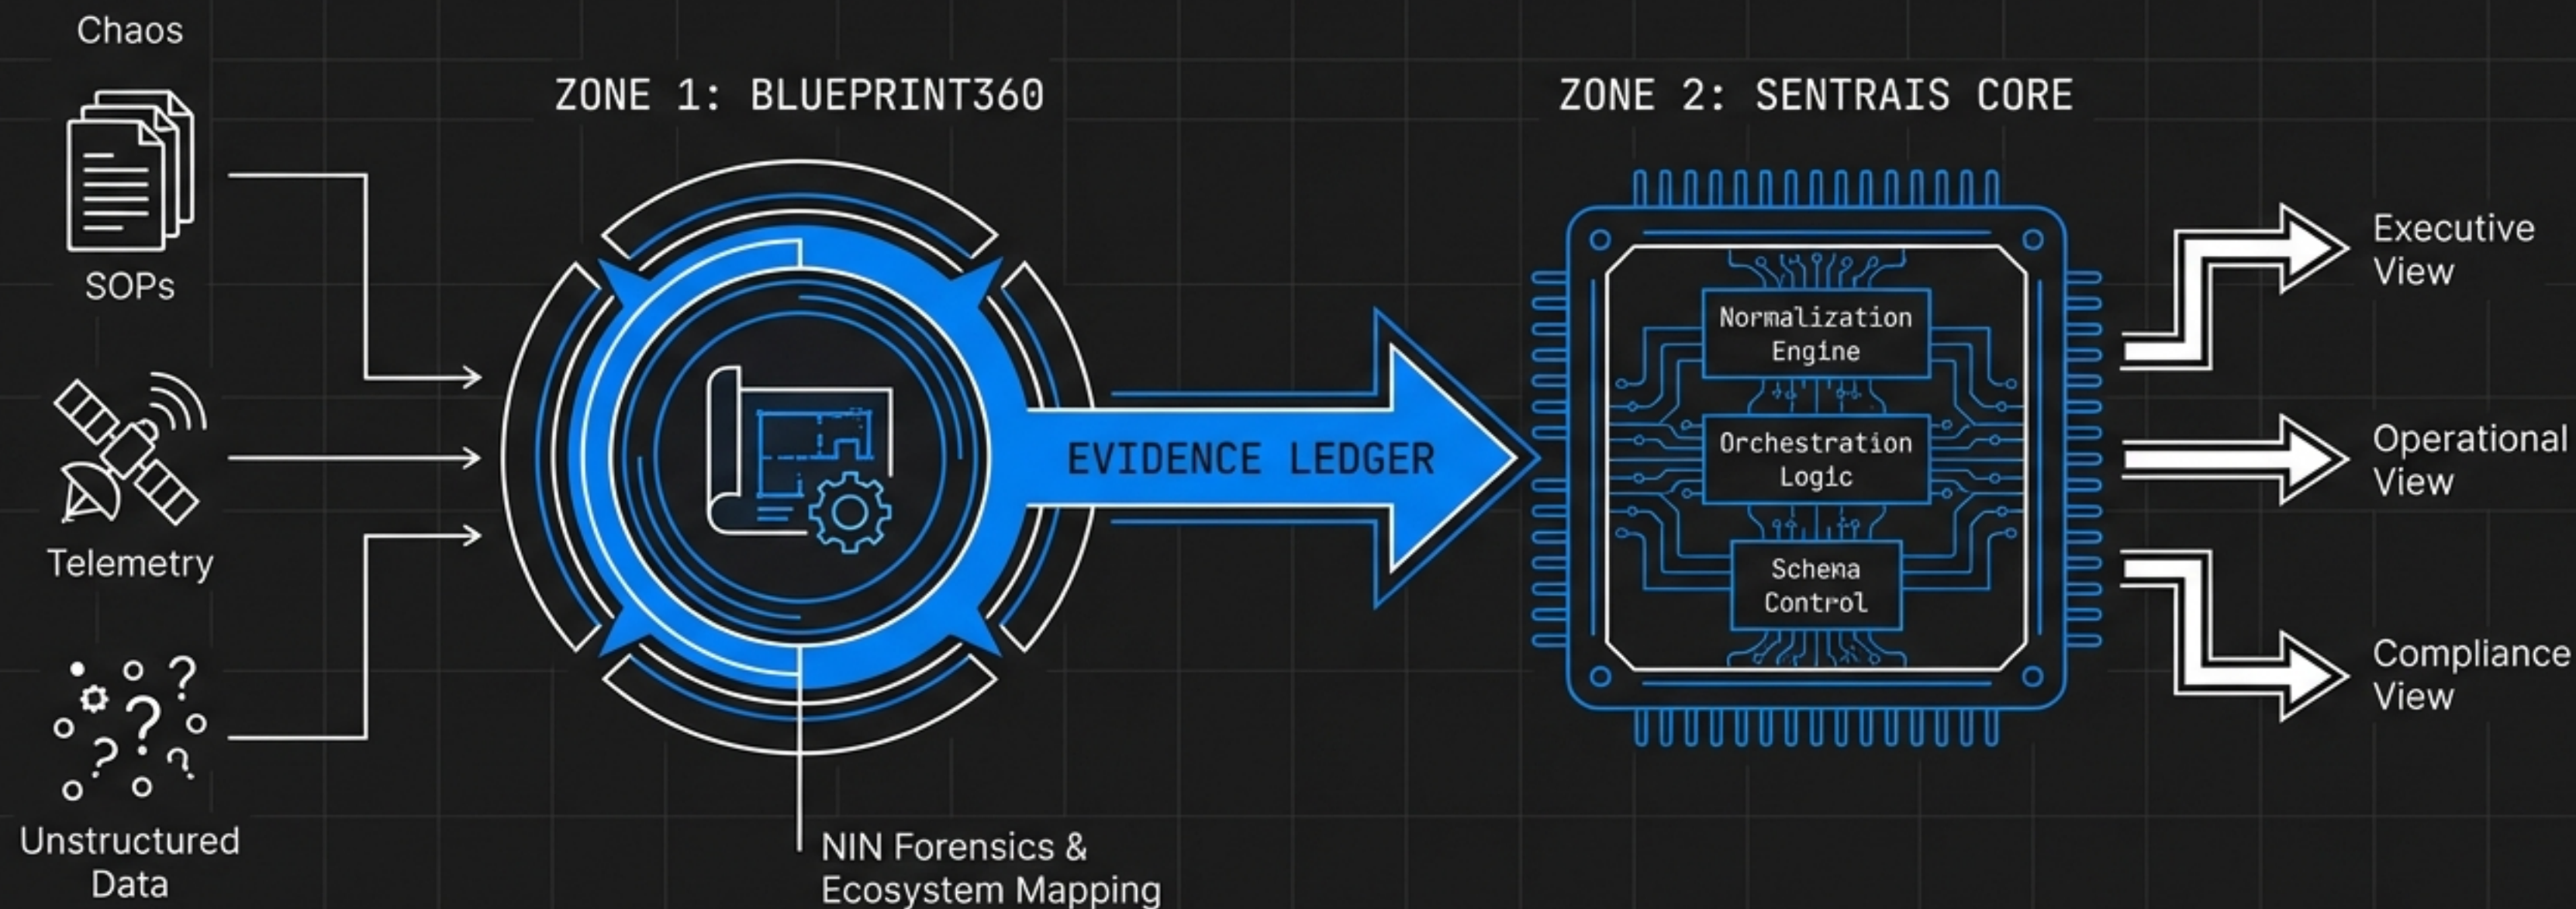

Moving from manual chaos to normalized intelligence.

MACRO OPERATING MODEL: FEDERATED INTELLIGENCE OS

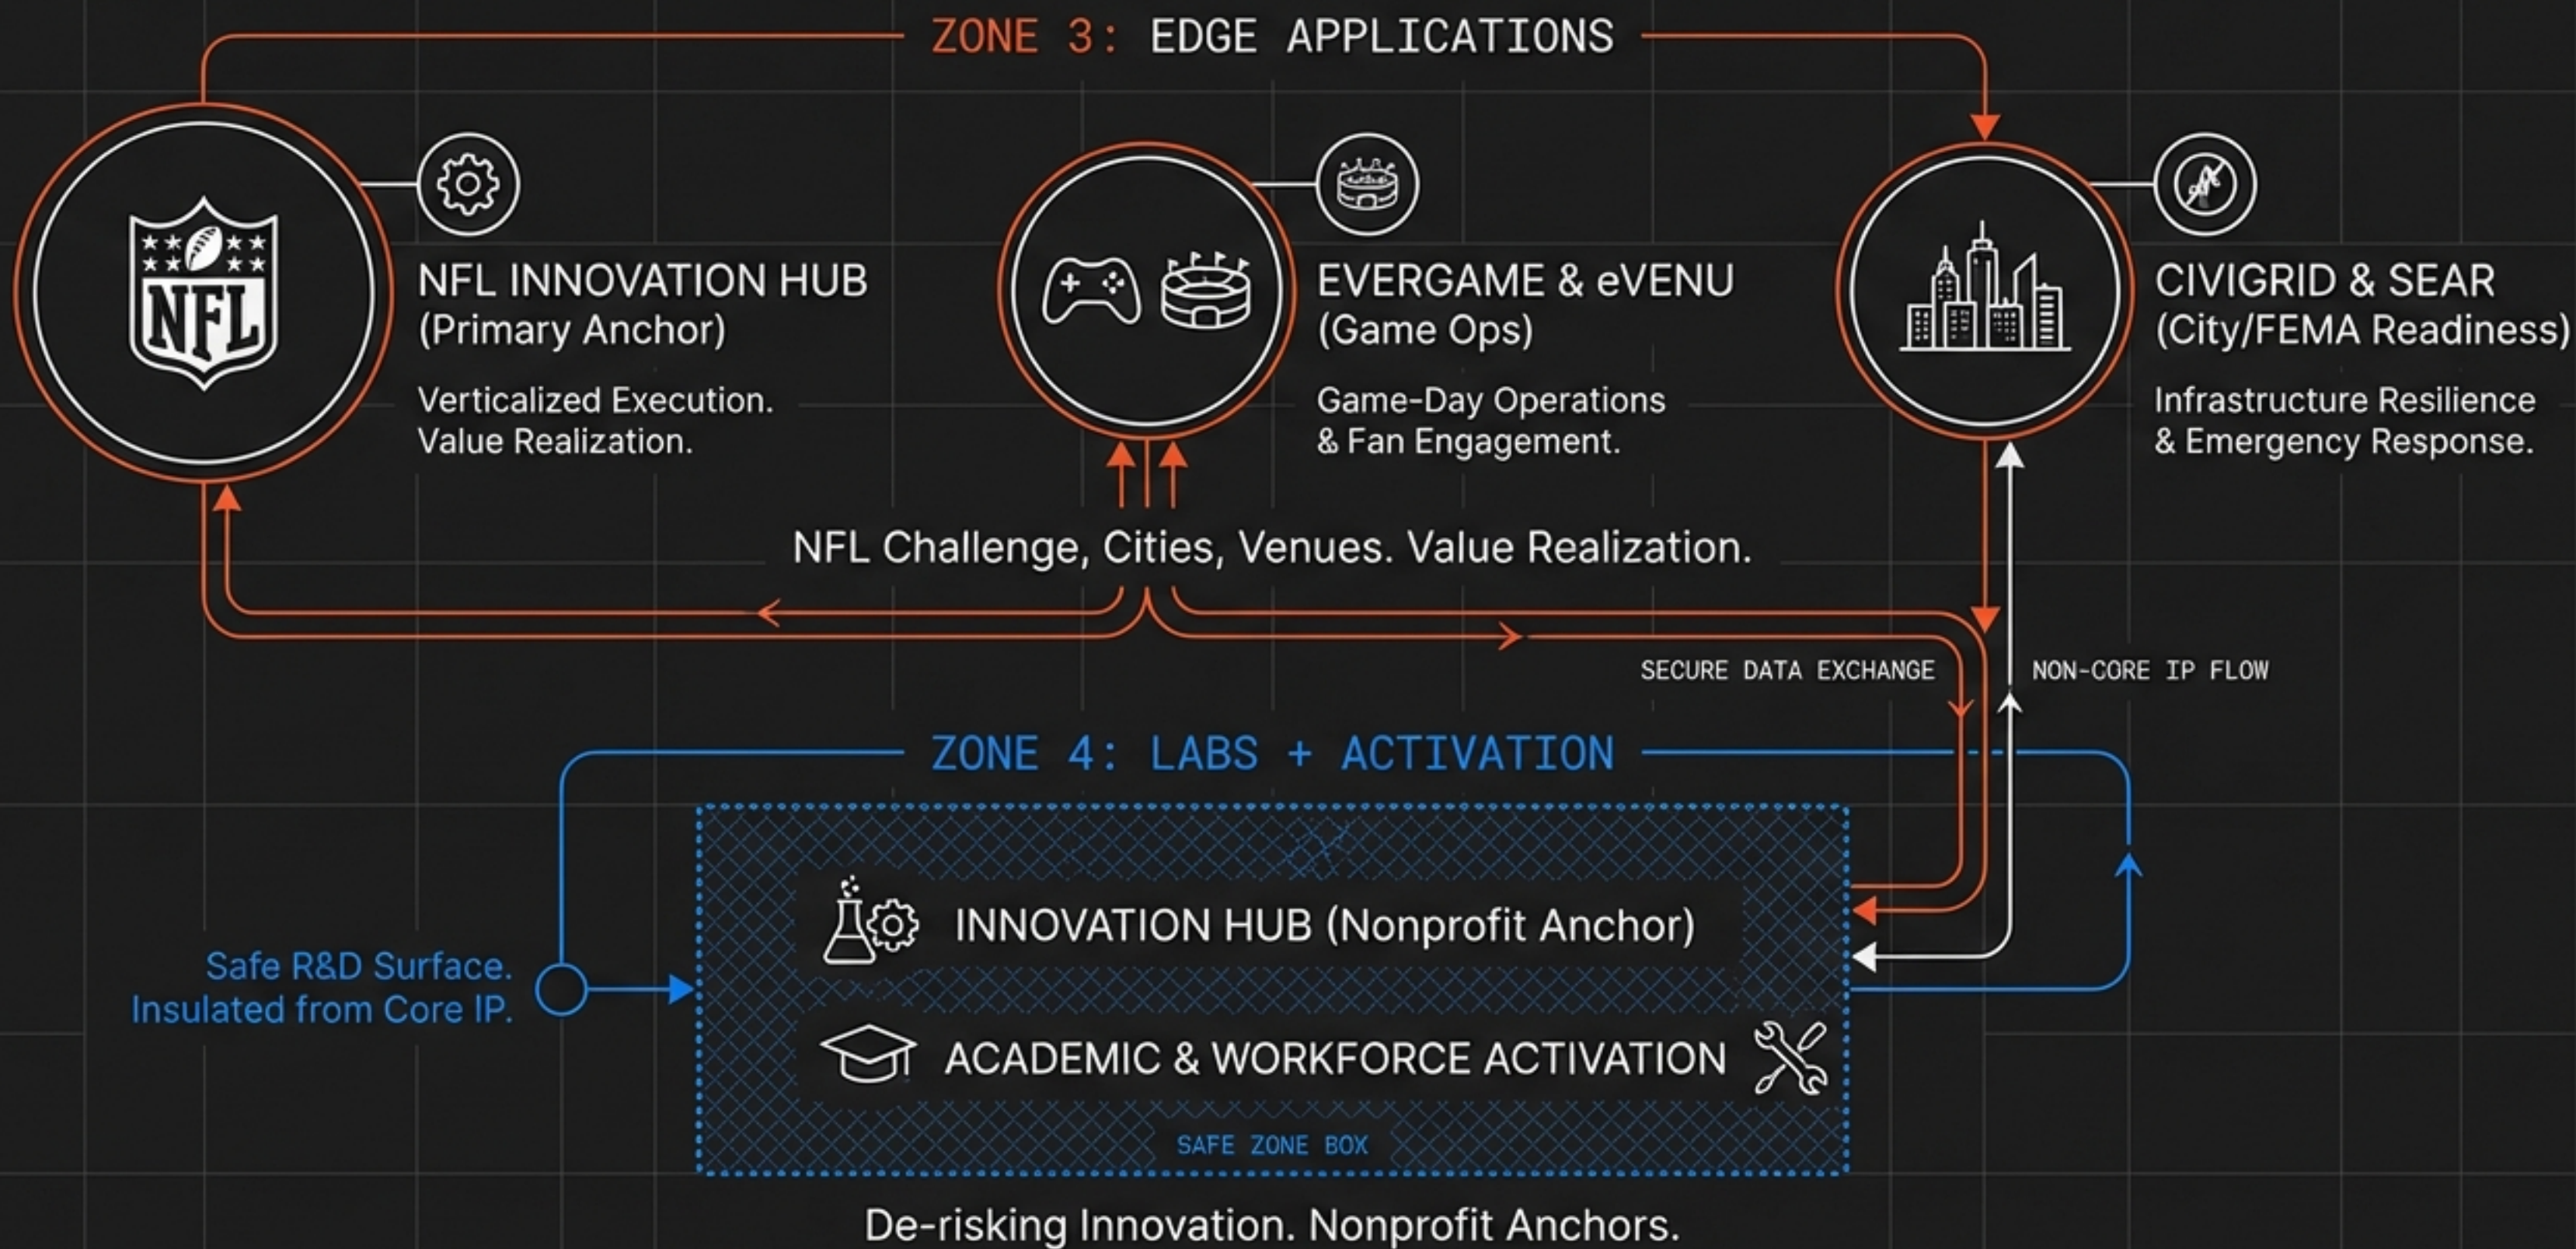

Preserving control at the center, flexibility at the edge.

THE INTELLIGENCE CORE: ZONES 1 & 2

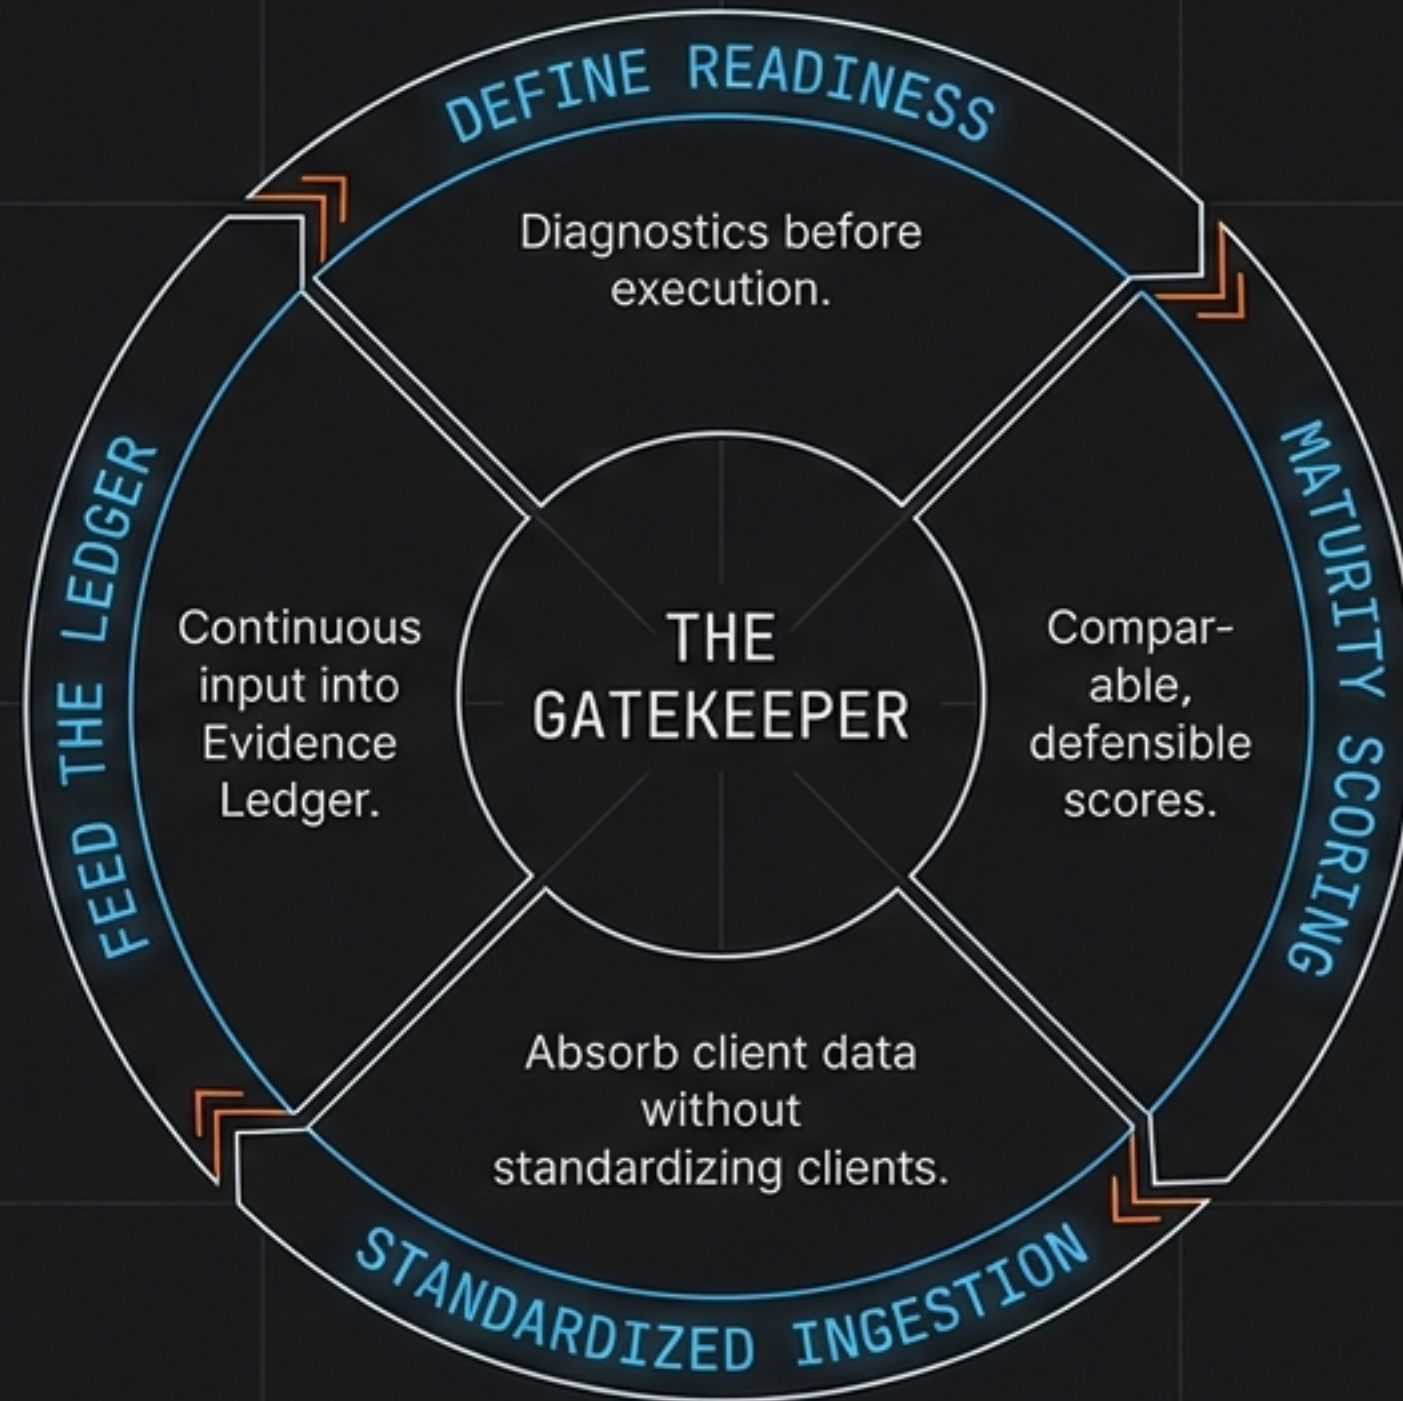

Key Differentiator: We own the orchestration logic and data schemas.

VALUE REALIZATION & INNOVATION: ZONES 3 & 4

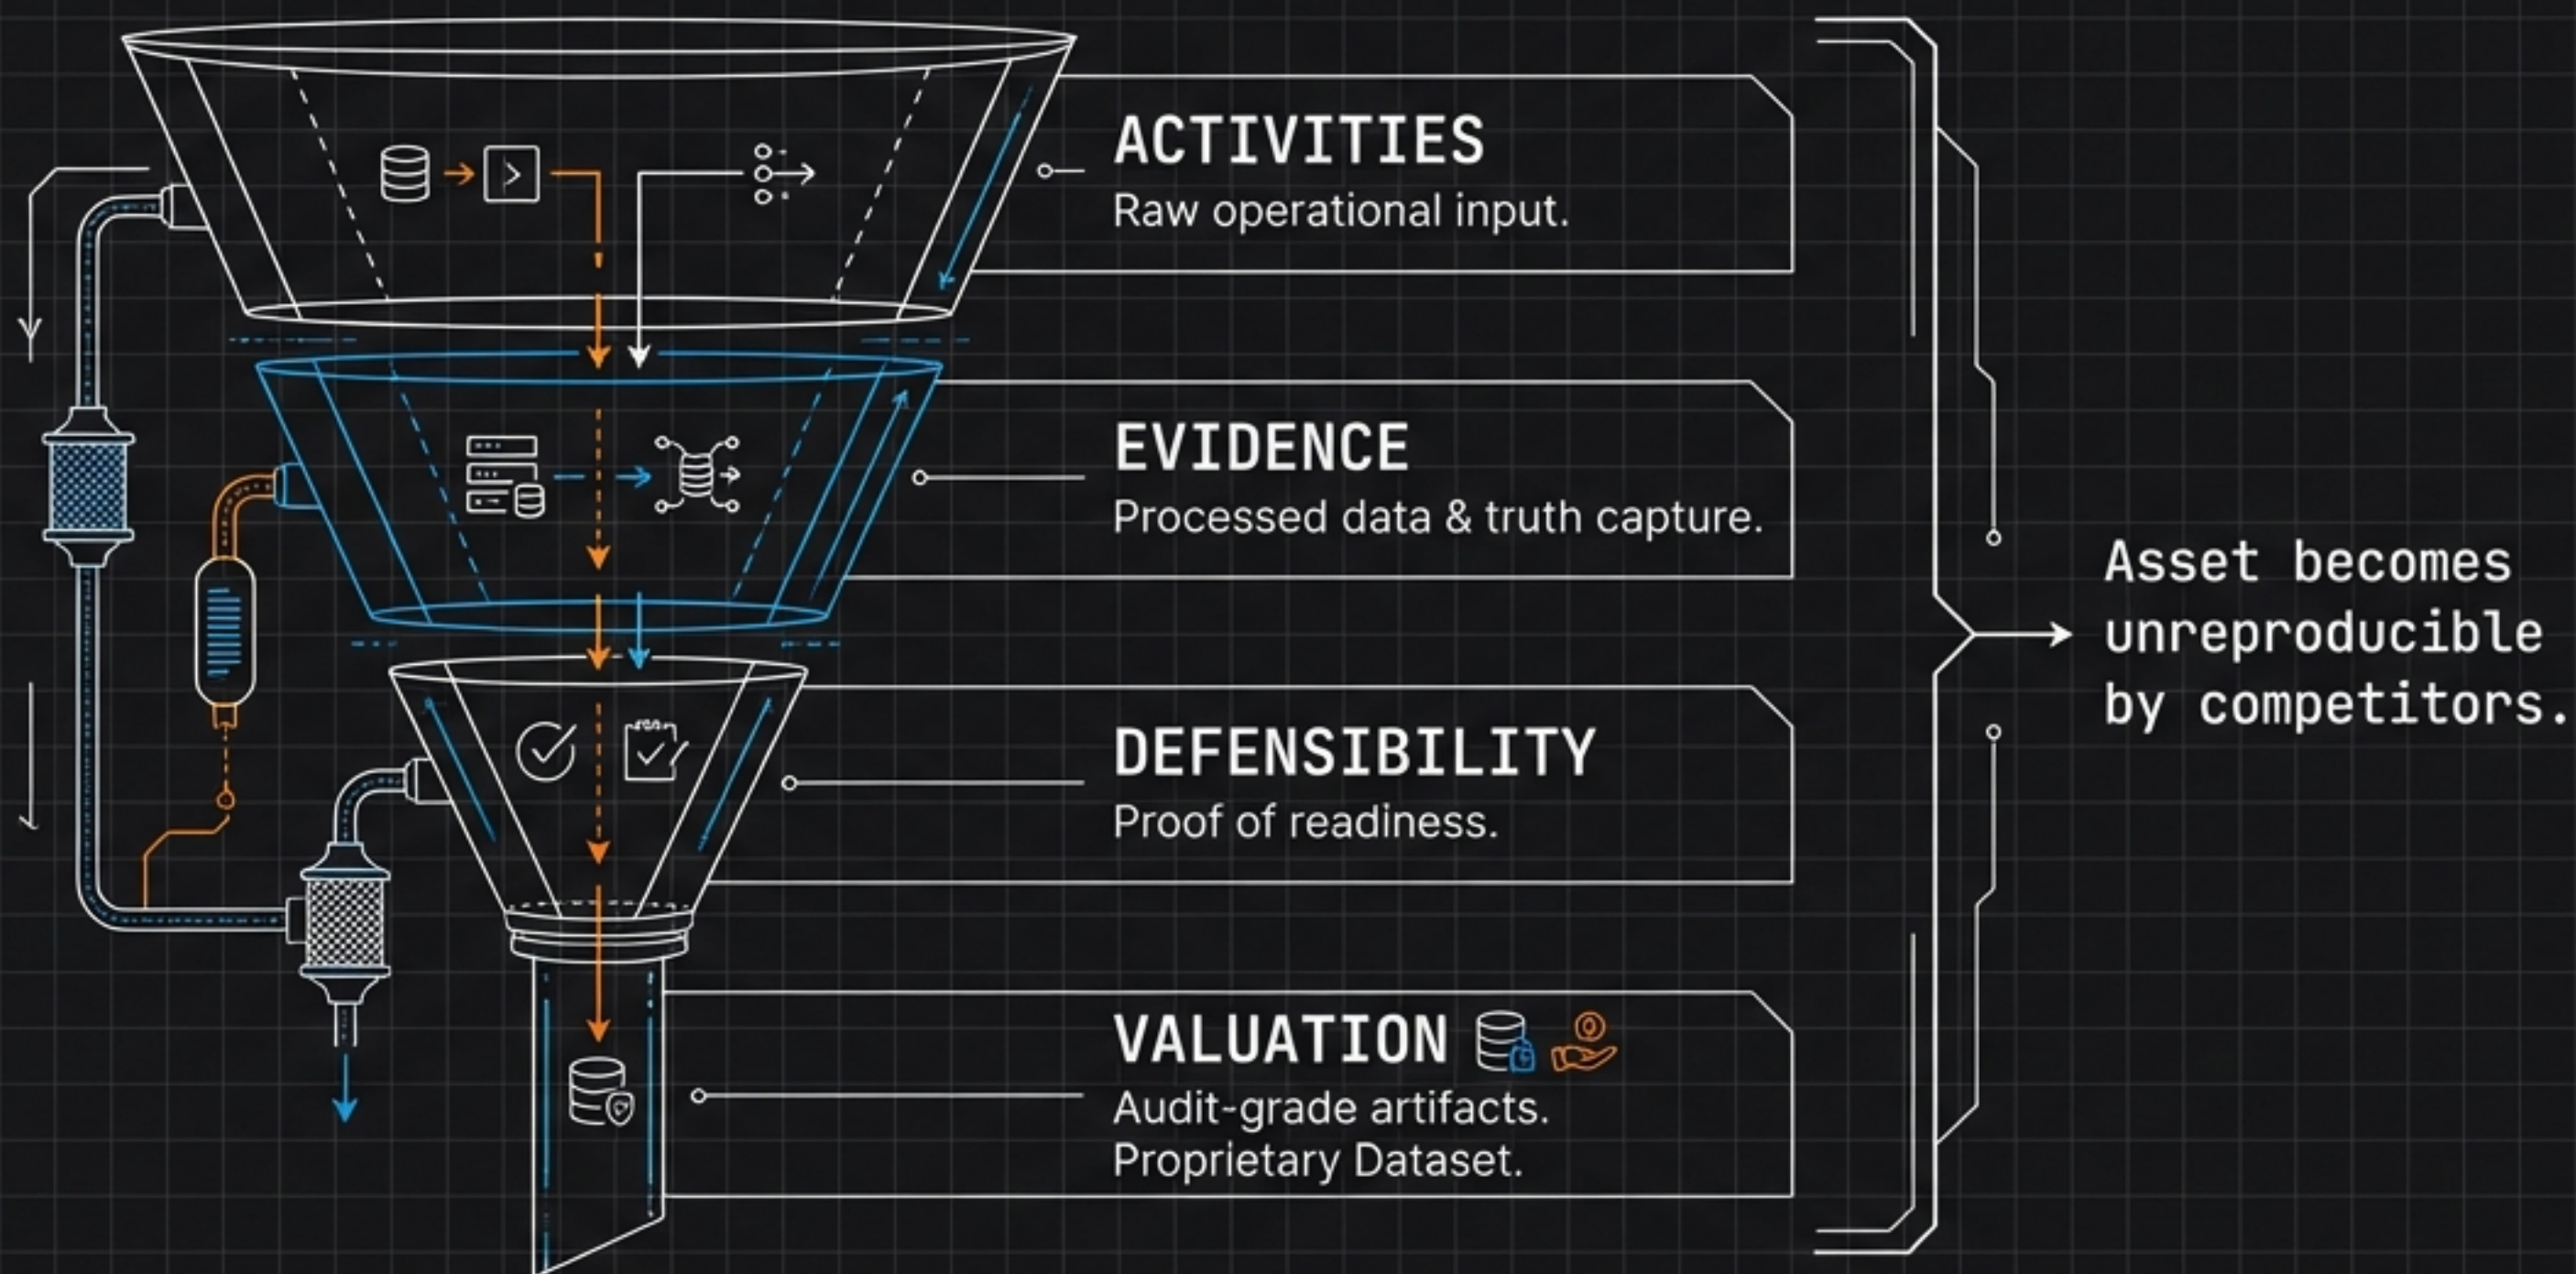

THE ENGINE: BLUEPRINT360 & NIN METHOD

PROTOCOL: SEE THE UNSEEN (TRUTH CAPTURE)

THE STRATEGIC MOAT: THE EVIDENCE LEDGER

THE ANCHOR: NFL INNOVATION HUB CHALLENGE

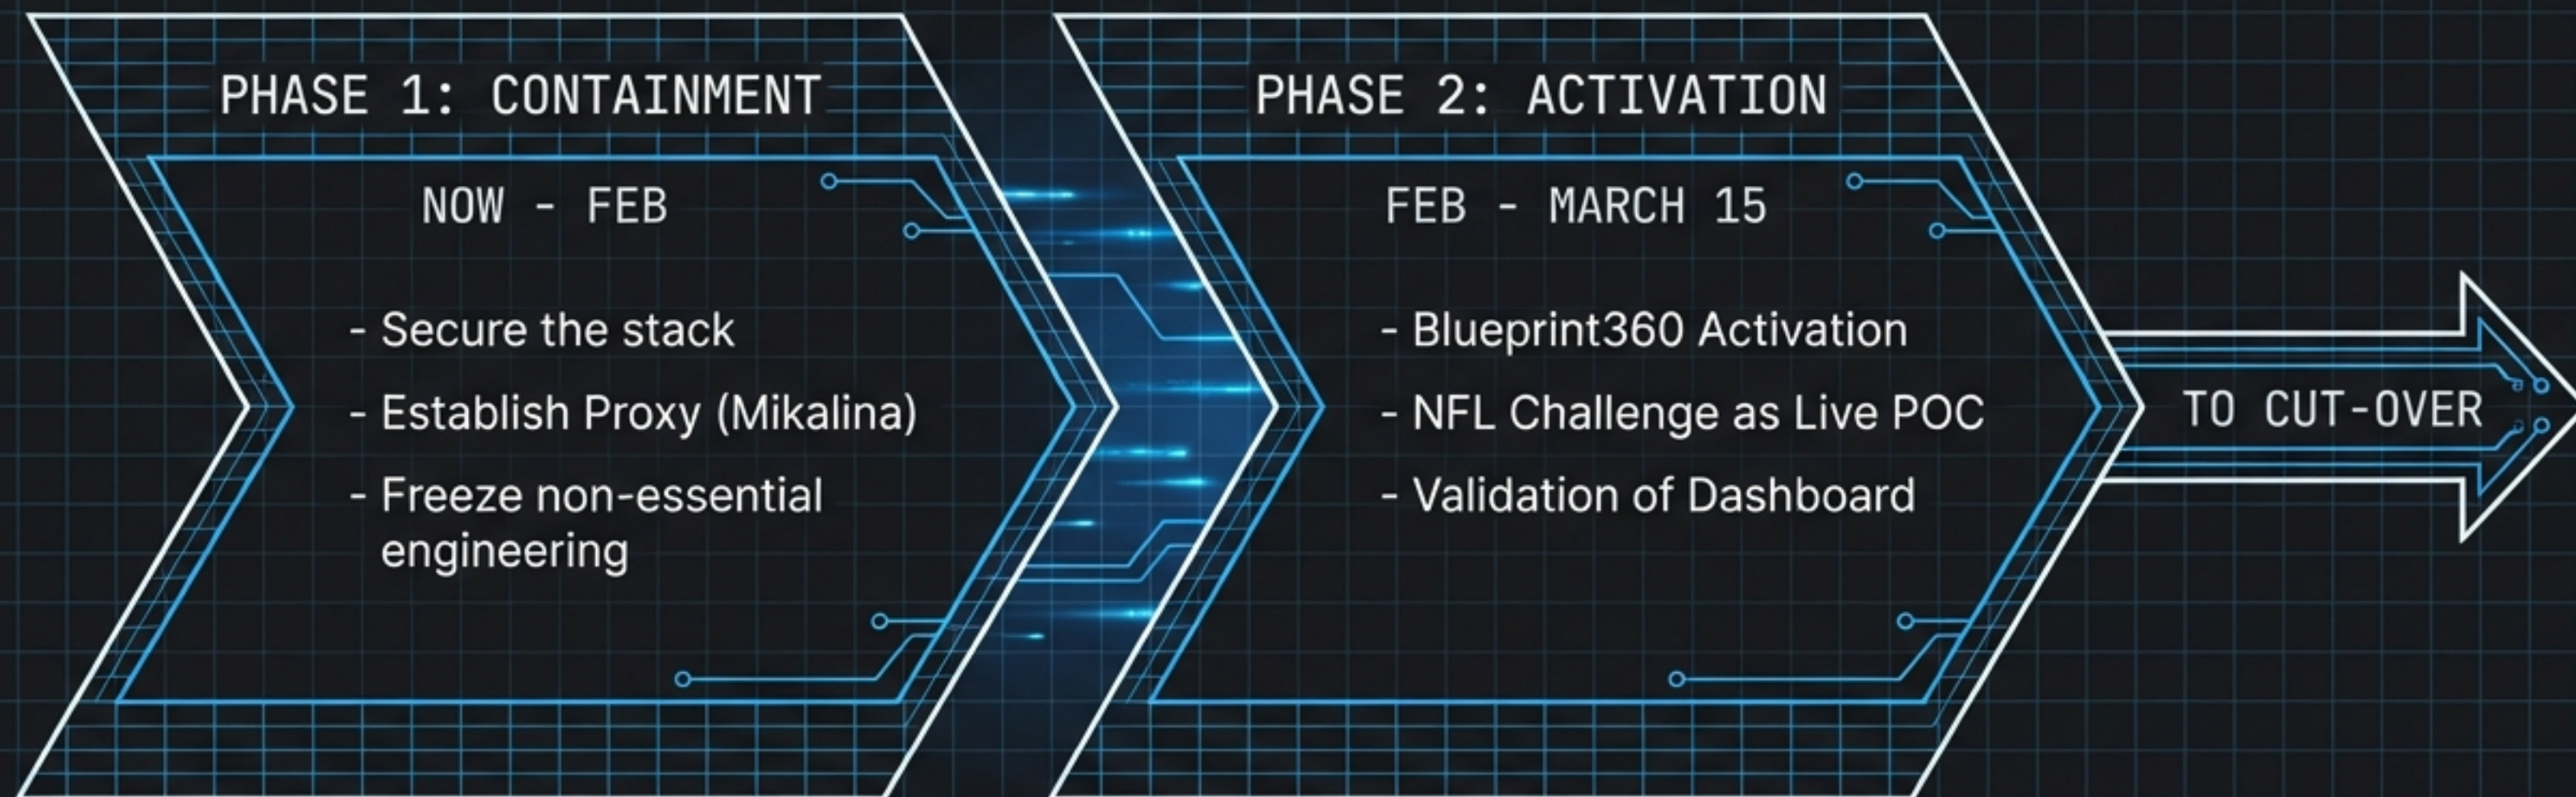

Contract/Spec

LIVE POC SPECIFICATIONS

- **LICENSE:** NFL receives limited license to outputs only.
- **TERMINATION:** Platform access expires 60 days post-Draft.
- **OBJECTIVE:** Test ingestion & governance in high-stakes environment.

Strategic Implication: Position Sentrais as indispensable without over-commitment.

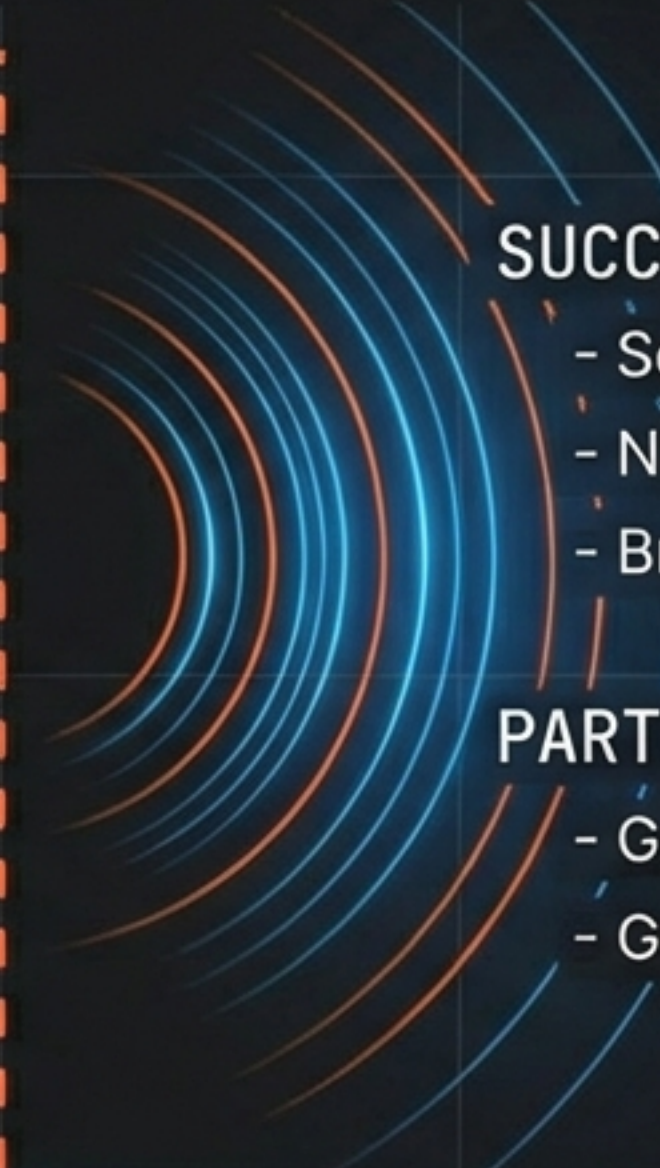

INTERNAL SEQUENCING: CONTAINMENT TO ACTIVATION

PHASE 3: THE CUT-OVER (MARCH 15)

A CONTROLLED EXTERNAL DECLARATION

MARCH 15

SUCCESS CRITERIA:

- Sentrais is the contracting entity.
- NFL Challenge is live and stable.
- Brand/Domain cut-over complete.

PARTNER POSITIONING:

- Google: Infra & R&D Partner.
- Gartner: Credibility leverage.

This is a signal event, not a scale event.

READINESS CHECKLIST: GO/NO-GO CRITERIA

GOVERNANCE

- ☐ SteerCo cadence locked (Weekly)
- ☐ RACI published (Tye, Ryan, Mikalina)
- ☐ Single Source of Truth established

SECURITY BASELINE

- ☐ Endpoint protection deployed
- ☐ SSO/MFA enforced
- ☐ Home network hardened
- ☐ Incident response runbook defined

PLATFORM READINESS

- ☐ GCP foundations (IAM, Logging)
- ☐ Data ingestion pipeline tested
- ☐ Sandbox/Production separation

LAUNCH ENABLEMENT

- ☐ SOW timeline updated
- ☐ UAT plan in place
- ☐ Announcement kit ready

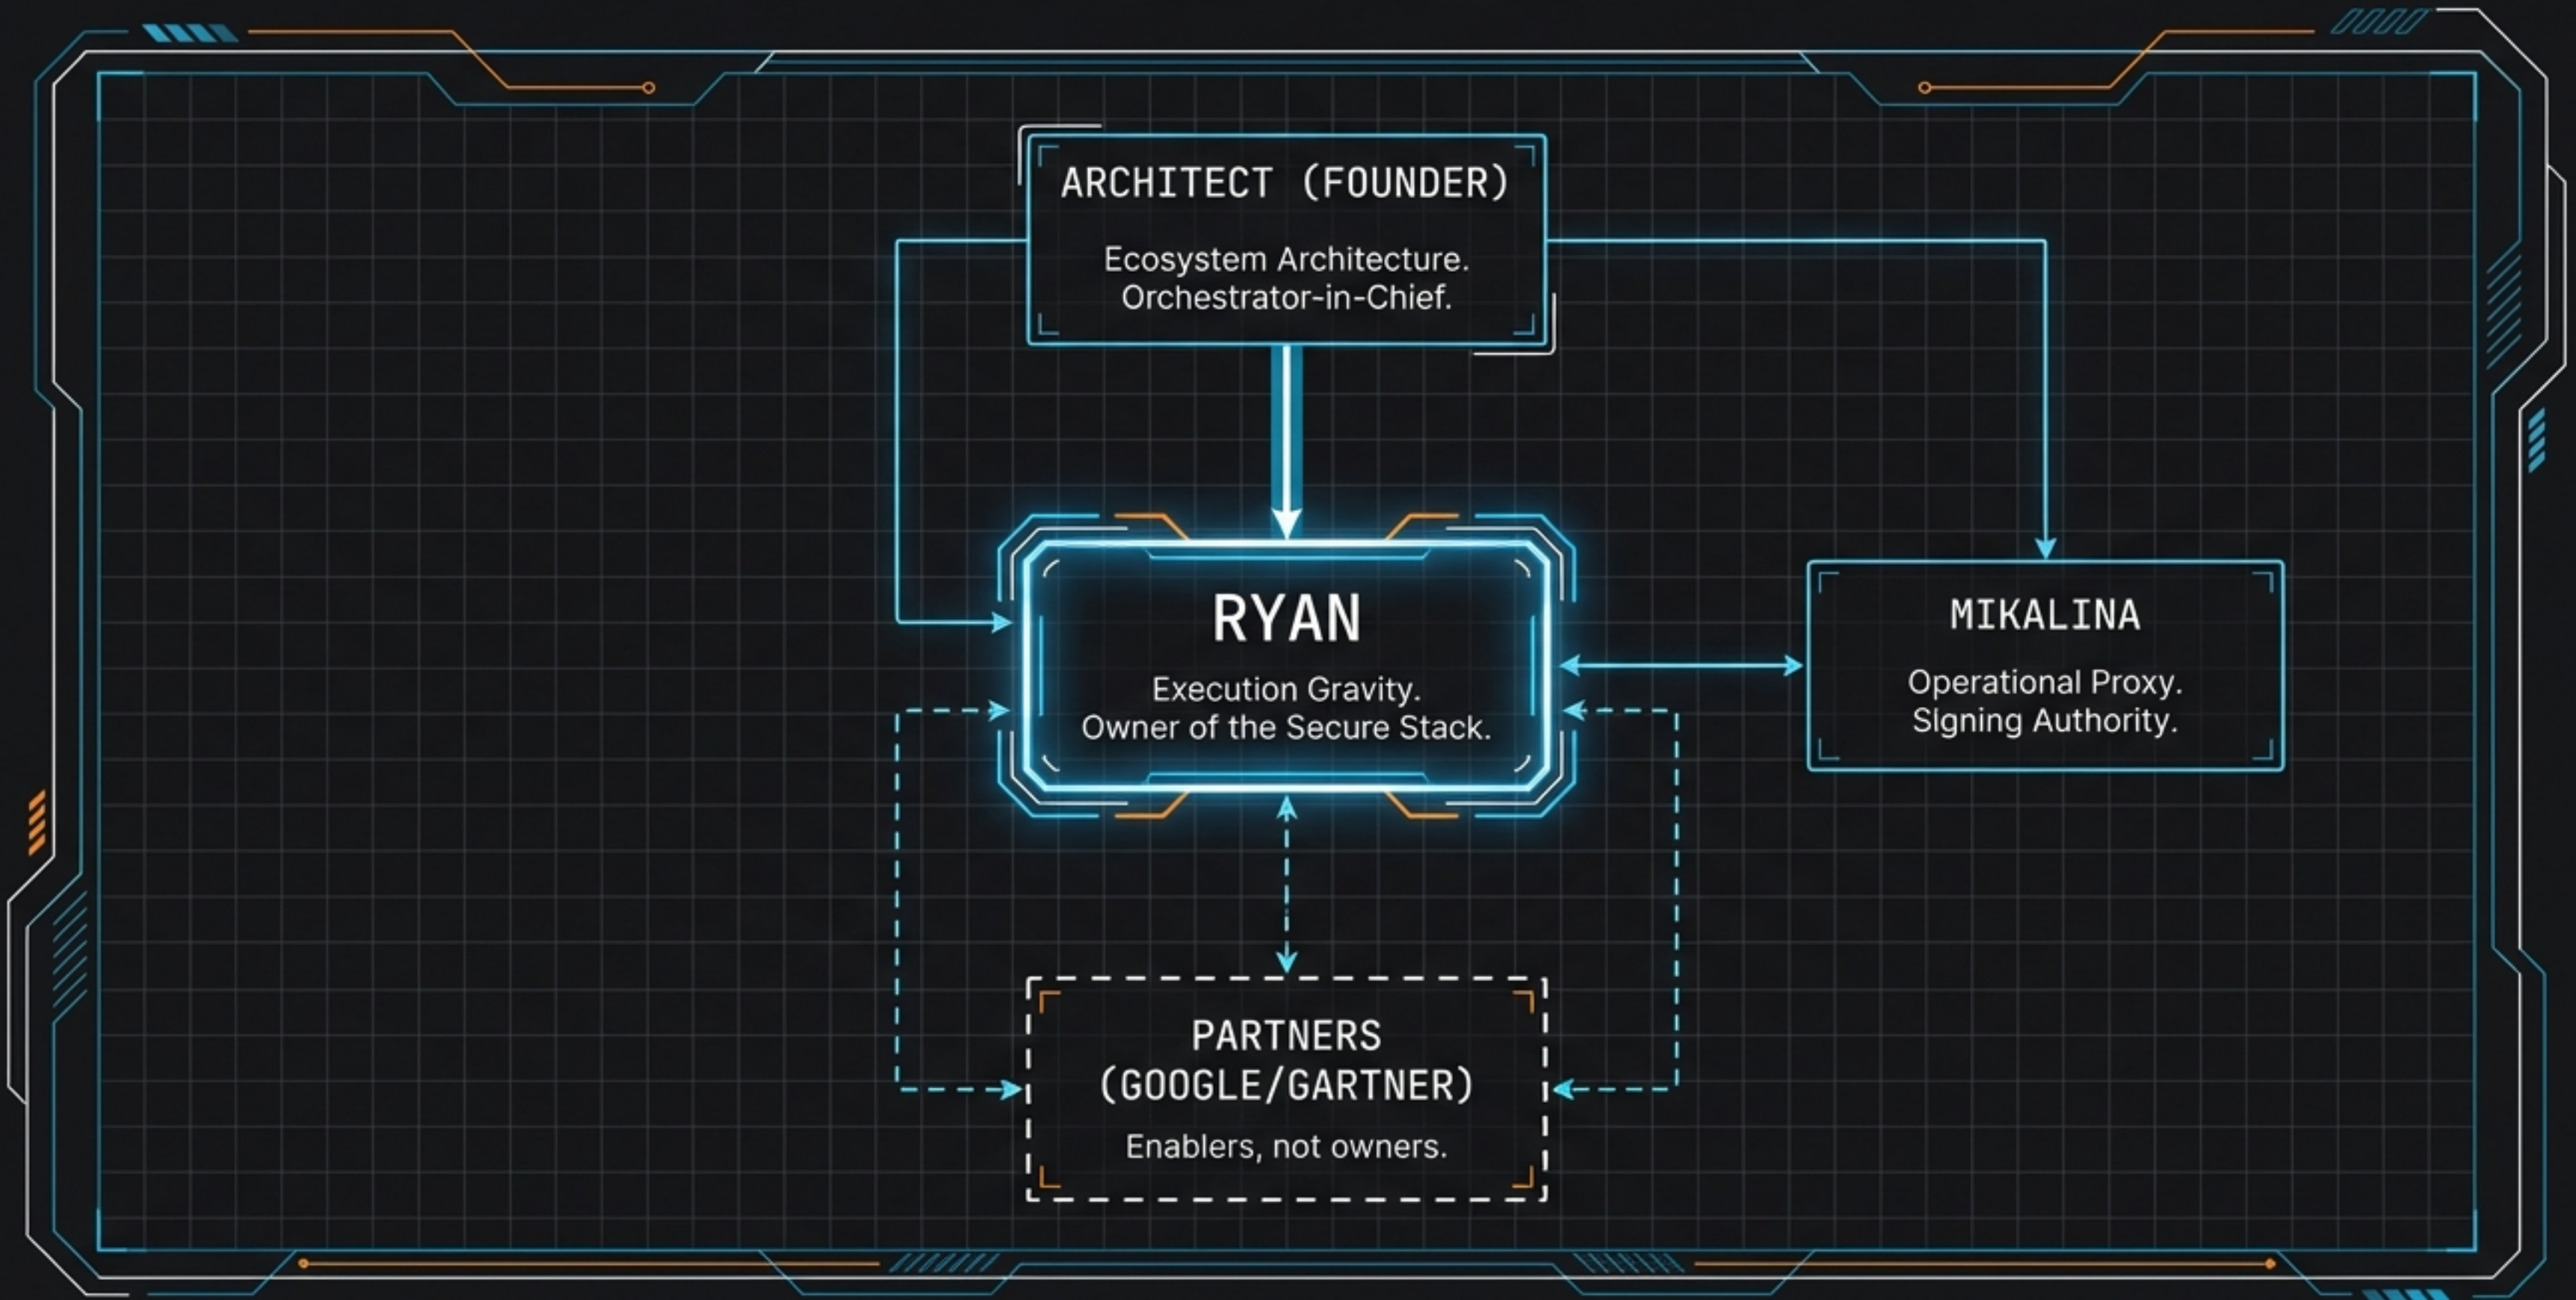

GOVERNANCE & RISK CONTAINMENT

SECURITY PROTOCOLS:

1. Identity: SSO/MFA for Google Workspace.
2. Endpoints: MDM baseline, minimized admin rights.
3. Data Sovereignty: Strict separation of Core IP vs. Client Data.
4. Response: Defined runbooks for evidence containment.

STRATEGIC ROLES & DECISION RIGHTS

FINAL DIRECTIVE

**YOU ARE NO LONGER BUILDING.
YOU ARE TRANSITIONING FROM ARCHITECT TO ORCHESTRATOR.
YOU ARE TRANSITIONING FROM ARCHITECT TO ORCHESTRATOR.**

**EXECUTION DISCIPLINE BETWEEN NOW AND MARCH 15
IS THE ONLY VARIABLE THAT MATTERS.**

INITIATE PHASE 1: CONTAINMENT.
