

Innovation Blueprint: Monetizing the NFL Innovation Hub

Presentation by **Tye Hayes**,
CEO & Founder of N-Ovate Solutions

THE OPPORTUNITY

The NFL Innovation Hub is positioned for rapid growth.

The NFL Innovation Hub's mission is to lead the sports industry into the future by fostering groundbreaking innovations that transform the way the game is played and experienced.

In a rapidly evolving digital landscape, the demand for immersive and innovative sports experiences is at an all-time high. **The NFL Innovation Hub is perfectly positioned to leverage the NFL's extensive network and brand strength to meet these demands, offering unprecedented opportunities for growth and engagement.**

Monetization Strategy Concept Overview

These concepts are proposals for consideration and further discussion:

1. **Tiered Sponsorship & Licensing Fees:** Tailored access for technology partners.
2. **Equity Investments:** Strategic stakes in startups shaping the future of sports.
3. **Service Offerings:** Exclusive consulting and innovation services.
4. **Product Development & Licensing:** Proprietary technologies for the sports industry.
5. **Partnership Revenue Shares:** Collaborative ventures with shared success.

Tiered Sponsorship Concept Models

Each tier is designed to meet your partners' diverse needs, offering everything from exclusive innovation sessions to annual showcases.

1

Diamond Tier

Ultimate access and strategic collaboration.

2

Platinum Tier

Significant exposure and collaboration opportunities.

3

Gold Tier

Enhanced visibility and engagement.

4

Silver Tier

Entry-level access with foundational benefits.

THE BENEFIT

Tech Accelerator and Equity Investments

The Hub's Acceleration Program mentors startups, providing access to league resources and pitch opportunities, functioning akin to a True Tech VC fund for equity partners. Our equity investment strategy involves taking strategic stakes in high-potential companies, fostering mutual growth and innovation.

This approach not only propels startups by offering invaluable resources and exposure but also aligns the league with pioneering solutions and technologies in the sports domain.

Thank you.
