

NFL Tech Innovation HUB

NFL InnoHUB Program Deliverables

Business Strategic Definition Alignment and define and separate the zones

- Map POC sponsor orgs to Performance and Productivity Zones
- Create an initial strategic alignment document outlining how the Innovation HUB will support the NFL's objectives.
- Identify specific zones (Transformation Zone, Incubation Zone, etc.) based on NFL's needs and aspirations.
- Develop detailed descriptions and scopes for each zone.

(Meeting with Gary and the internal team)

Strategy Group

SVP review

Development of KPIs and Evaluation Mechanisms for each zone

- Develop zone-specific KPIs aligned with NFL's objectives.
- Set up a system for tracking and evaluating these KPIs.
- Create a feedback loop to refine and adjust strategies based on KPI outcomes.
- Map out detailed workflows for project conception, development, and execution within each zone.
- Ensure technological and operational integration with existing NFL systems.

Innovation HUB Governance and Oversight Establishment (Accelerator/Incubator) -

- Establish roles and responsibilities within the HUB.

- ◆ PMO
- ◆ HUB Working Group
- ◆ Steering committee
- Set up regular review and oversight processes.
 - ◆ Intake Process
 - ◆ Evaluation Criteria
 - ◆ Program Methodology
 - ◆ Communication and Reporting

POC Projects

- NFL View - Self Report (PMO)
- Optical Tracking - Self Report
- Natural Language Lookup (name) - managed through HUB
