

Dear Smart Mobility Team,

On behalf of the NFL Innovation Hub, thank you for your participation in this year's Challenge and for the time, thought, and innovation you brought forward in your submission.

After an extensive review process, we are pleased to inform you that your submission has been selected as a finalist in the final evaluation round, emerging from a highly competitive pool of participants.

As we move into this final phase, our team is conducting a deeper assessment across a small group of top contenders. To support this process, we are gathering additional context to better understand how each solution could operate within a live NFL environment.

We would greatly appreciate your assistance in providing further detail on the following areas:

- a. Demonstrations of existing deployments with MLB, Wimbledon, or other large sporting events or leagues
- b. Additional detail on how your solution would integrate with the OnePass ecosystem
- c. Clarification on how your platform integrates with Uber

If helpful, please feel free to include supporting materials such as brief documents, architecture diagrams, or demonstration links.

Response Deadlines

- Please confirm whether your team is available to travel to Pittsburgh to pitch your solution on April 24 by Wednesday, April 15.

- Please provide responses and supporting materials by Thursday, April 16 so our team can incorporate your input into the final review process.

Following this review, 2–3 finalists will be invited to attend the NFL Draft and present their solutions to our judging panel.

We greatly appreciate the strength of your submission and the perspective you bring to the ecosystem. Our team will be in touch with any additional follow-up and next steps.

Thank you again for your continued engagement with the NFL Innovation Hub Challenge.

Best regards,

NFL Innovation Hub Team
