

ORCHESTRATING CHANGE

Sponsorship Deck

A California Convening on Resilience, Innovation & Responsible AI
Large Sports & Entertainment Events as the Catalyst

CONVENED BY

NOVATEUS Foundation

HOSTED WITH

Stanford University

CULTURAL PARTNER

Covered by Music

THE OPPORTUNITY FOR SPONSORS

NOT A BRAND PLACEMENT — AN INVITATION TO CO-ORCHESTRATE CHANGE

This is an invitation to co-orchestrate measurable change in California communities at a moment of global visibility and local risk.

Orchestrating Change uses large sports and entertainment events as real-world proof points to pilot coordinated resilience, smart cities orchestration, and Responsible AI in practice.

WHAT MAKES THIS DIFFERENT

Sponsors are positioned as systems partners, not passive supporters.
Your brand becomes part of the operating architecture for change.

THE MOMENT

California is preparing for Super Bowls, FIFA World Cup matches, and Olympics-adjacent activations — all while managing concurrent risk.

WHY CALIFORNIA. WHY NOW.

CALIFORNIA IS PREPARING FOR

- Super Bowls & Major Sporting Events
- FIFA World Cup Matches (2026)
- Olympics-Adjacent Activations (2028)

CONCURRENT RISK ENVIRONMENT

Wildfire Risk

Earthquake Risk

Heat Events

Infrastructure

Events compress risk, attention, and decision-making into a short window — the ideal environment to test, validate, and scale new coordination models.

THE PROVING GROUND

Rapid AI & Smart City Expansion

California is experiencing rapid expansion of AI and smart city technologies without shared governance frameworks.

This convening anchors California as the national proving ground for resilience orchestration.

POWERED BY
Sentra OS

WHAT MAKES THIS SPONSORSHIP DIFFERENT

TRADITIONAL SPONSORSHIP

Buys Visibility

Logo placement, impressions, awareness metrics. Passive brand exposure without meaningful engagement in outcomes.

THIS SPONSORSHIP

Buys Outcomes

Your brand becomes part of the operating architecture for change. Systems partnership, not passive support.

SPONSORS PARTICIPATE IN:

Designing event-based Proofs of Concept

Shaping Responsible AI standards

Building persistent readiness models

Generating evidence-based impact reports

SPORTS & ENTERTAINMENT AS THE CATALYST

"Sports open the door. Impact is what walks through it."

WHY EVENTS WORK

Community Trust

Trust with communities often excluded from planning

Executive Urgency

Urgency across public and private sectors

Real Operational Stress

Tests transportation, safety, energy, communications

Safe Testing Environment

Realistic environment to pilot new approaches

THE MODEL

Coordinated Resilience & Smart Cities Orchestration

We use events to model coordinated resilience and smart cities orchestration, then carry those lessons forward to everyday operations.

Sports and entertainment are not the headline — they are the catalyst.

THE ORCHESTRATION MODEL SPONSORS SUPPORT

Resilience Orchestration

Continuous Readiness

Continuous readiness versus episodic response

Cross-Sector Coordination

Cross-agency and cross-sector coordination models

Learning Systems

Systems that improve with every event

Sponsors help define what "good" looks like in practice.

Smart Cities Orchestration

Connect, Don't Replace

Connecting existing systems, not replacing them

Responsible AI

Responsible, transparent use of data and AI

Insight to Action

Translating insight into coordinated action

This work directly informs future standards for AI in cities.

RESPONSIBLE AI AS A CORE PRINCIPLE

Responsible AI is treated as an operating discipline, not a policy statement. Sponsors align with principles that directly inform future standards for AI deployment.

OUR APPROACH

Operating Discipline

Transparency

Transparency and accountability in AI-enabled environments

Human-Centered

Human-centered decision support, not automated control

Community Trust

Community trust and consent as success metrics

Ethical Deployment

Ethical deployment in safety, mobility, and communications

Sponsors are shaping the governance frameworks that will define responsible innovation at scale.

TARGET SPONSOR AUDIENCE

This program is designed for sponsors at the intersection of impact, infrastructure, and innovation.

IDEAL SPONSOR PROFILES

Technology & Cloud Providers

Infrastructure & Energy

Mobility Companies

Media & Entertainment

Financial Services & Insurers

Professional Services

Sports Leagues & Teams

Philanthropic Foundations

SPONSOR FIT CRITERIA

Systems-Level Partners

- ✓ Comfortable with systems-level work
- ✓ Interested in outcomes over impressions
- ✓ Aligned with Responsible AI principles
- ✓ Seeking long-term partnership potential

Not surface-level branding

AMBASSADOR PLATFORM

Marcus Jones

Brand Ambassador

ROLE

Serves as a visible brand ambassador and cultural bridge, anchoring the forum as the trusted cultural voice.

AMBASSADOR VALUE FOR SPONSORS

Humanize Complexity

Make readiness and technology conversations accessible

Engage Stakeholders

Reach youth, creatives, and nontraditional audiences

Connect Values

Link discipline, performance, and responsibility

Authentic Alignment

Elevate sponsor participation as community-aligned

Ambassadors amplify credibility, not marketing noise.

SPONSORSHIP OUTCOMES — WHAT YOU ENABLE

COMMUNITY OUTCOMES

- Clear community readiness gaps identified
- Pilot interventions designed and launched
- Stronger trust between institutions and communities

SYSTEM OUTCOMES

- Improved cross-sector coordination models
- Event-tested smart city and resilience POCs
- Reduced decision latency and operational friction

KNOWLEDGE OUTCOMES

- Academic working papers and practitioner briefs
- Replicable readiness frameworks for host cities
- Evidence-based standards for Responsible AI

All outcomes are tracked longitudinally, not just at the event.

SPONSORSHIP TIERS

Illustrative — Customized Based on Partner Alignment

ANCHOR SPONSOR

Strategic Partner

- ✓ Strategic partner across the convening
- ✓ Participation in POC design
- ✓ Executive visibility in impact reporting
- ✓ Association with resilience leadership

Highest level of engagement

INNOVATION SPONSOR

Focus Area Alignment

- ✓ Alignment to a specific focus area
- ✓ Active role in working labs
- ✓ Access to pilot insights and findings

Targeted innovation partnership

COMMUNITY IMPACT

Direct Support

- ✓ Direct support for community partners
- ✓ Youth and workforce pathway activation
- ✓ Clear, reportable community outcomes

Community-focused impact

Each tier prioritizes substance over signage.

WHAT SPONSORS RECEIVE

- 1 Stanford-Hosted Convening**
Inclusion in a high-credibility, academically-anchored convening
- 2 Responsible AI Leadership**
Association with Responsible AI leadership and governance
- 3 Impact Reports & Roadmaps**
Access to post-event impact reports and pilot roadmaps
- 4 Scalable National Model**
Long-term alignment with a scalable national model
- 5 Future Activations**
Invitation into future city and event activations

KEY INSIGHT

Sponsorship That Compounds Over Time

This is not a one-time brand placement. Your investment creates compounding value through ongoing partnerships and evolving opportunities.

BEYOND THE CONVENING

The convening is the starting point. Sponsors may continue into:

Event-Based POCs

Proofs of Concept in California cities during major sports and entertainment events

Multi-City Replication

Readiness replication as the model expands to new regions and host cities

Research Environments

Ongoing research and simulation environments for testing and validation

National Standards

National standards for community innovation and readiness frameworks

Your involvement can scale from one event to a long-term platform.

STRATEGIC THROUGHLINE

SPONSORS ALIGNED HERE ARE ALIGNED WITH THE FUTURE OF:

- ✓ Coordinated resilience that serves communities
- ✓ Smart cities that work for people
- ✓ Responsible innovation at scale

Sports open the door.

We invite sponsors who want to:

Impact is what walks through it.

- ✓ Help define the standard
- ✓ Participate in real solutions
- ✓ Be associated with credibility, not hype
