

Blueprint360 POC – CRM Stage Definition

Purpose

This document defines the standard CRM stages for Blueprint360 Proof of Concept engagements. It ensures consistent qualification, governance, forecasting, and conversion into execution deployments.

Stage 1: POC Identified

Client has a defined readiness, security, or operational concern. Initial qualification complete. Buyer persona confirmed (CISO, COO, Mayor, League Ops).

Stage 2: POC Qualified

Executive sponsor identified. Budget range (\$250K–\$500K) confirmed. Operational scope and ecosystem defined.

Stage 3: POC Proposed

Blueprint360 POC one-pager, pricing, and SOW appendix delivered. Procurement and legal engaged.

Stage 4: POC Contracted

SOW executed. Kickoff scheduled. CRM forecast moves to committed.

Stage 5: POC In Progress

Stakeholder interviews, maturity assessment, and blueprinting underway. Milestones tracked against plan.

Stage 6: POC Executive Readout

Maturity scorecard, heatmap, and close-out report delivered. Go / Conditional Go / No-Go decision captured.

Stage 7: Execution Conversion

Execution product selected (EVERGAME, eVenu, CiviGrid, SEARGrid). Commercial proposal issued.

Stage 8: Closed – Converted / Closed – No Action

Execution agreement signed or opportunity closed without execution.
